1 - Applicants who have qualified for the program and have received a portion of their award. Of the applicants that have received payments, 5,206 have received reimbursement checks, if applicable and at least 50% of their future award, but have not yet closed out of the program as of May 31, 2018. Note that this number is lower than reported in Q2 2018 because more applicants have closed out of the program. Upon completion of repairs or reconstruction, NY Rising will assist applicants to achieve final closeout. Upon final closeout, NY Rising awards are processed.

2 - Closed Out -defined as having received funding and successfully completed all construction and submitted required documentation

3 - Homeowners who have been deemed eligible and have not been paid.

4 - Homeowners have not been paid because they are pending environmental, closeout, or other eligibility reviews. GOSR has informed the homeowners of the types of documents they need to provide if the missing items are homeowner dependent, or the types of actions they need to take to remedy environmental items.

5 - Homeowners who have been determined to be ineligible to receive assistance under federal regulations. This total includes approximately 444 applicants with a zero award determination.

Small Business Report: March 1, 2018 – May 31, 2018

The NY Rising Small Business Program renders grants of \$50,000 or more to help replace essential equipment/ inventory, renovate facilities, or provide working capital. The program continues to help small businesses reopen and grow, thus ensuring they retain a vital role in their communities. Since March 1, 2018, 12 more small businesses have received their first program funds and 19 more applicants have “closed out” of the program (e.g., successfully completed construction and submission of all documentation).

Community Reconstruction

Community Reconstruction Report: March 1, 2018 – May 31, 2018

The NY Rising Community Reconstruction (NYRCR) Program is a first-of-its kind participatory program. It has grown to assist 124 storm-damaged communities, empowers communities to identify local needs and assets, and helps to develop projects through an intensive planning and implementation process. Following two rounds of planning, GOSR entered into local partnership agreements with subrecipients to define the scope of projects and procure engineering and design consultants in compliance with federal regulations. As of the end of 2Q of 2018, the NYRCR Program has 327 active projects, with 3 projects closed out, 61 projects in construction, 36 non-capital projects in implementation, and 227 projects approved and in design.
