1 - Applicants who have qualified for the program and have received a portion of their award. Of the applicants that have received payments, 3,690 have received reimbursement checks, if applicable and at least 50% of their future award, but have not yet closed out of the program. Note that this number is lower than reported in Q3 2019 because more applicants have closed out of the program. Upon completion of repairs or reconstruction, NY Rising will assist applicants to achieve final closeout. Upon final closeout, NY Rising awards are processed.

2 - Closed Out - defined as having received funding and successfully completed all construction and submitted required documentation

3 - Homeowners who have been deemed eligible and have not been paid.

4 - Homeowners have not been paid because they are pending environmental, closeout, or other eligibility reviews. GOSR has informed the homeowners of the types of documents they need to provide if the missing items are homeowner dependent, or the types of actions they need to take to remedy environmental items.

5 - Homeowners who have been determined to be ineligible to receive assistance under federal regulations. This total includes applicants with a zero award determination.

## Community Reconstruction Report: September 1, 2019 – November 30, 2019

The NY Rising Community Reconstruction (NYRCR) Program is a first-of-its kind participatory program. It has grown to assist 124 storm-damaged communities, empowers communities to identify local needs and assets, and helps to develop projects through an intensive planning and implementation process. Following two rounds of planning, GOSR entered into local partnership agreements with subrecipients to define the

scope of projects and procure engineering and design consultants in compliance with federal regulations. As of Q4 2019, the NYRCR Program has 312 active projects, with 59 projects closed out, 80 projects in construction, 9 non-capital projects in implementation, and 164 projects approved and in design.
