Dear Ms. Shirley:

**RE: SEQR REVIEW
TOWN OF NICHOLS JOINT FIRE STATION PROJECT
NYS DOT CASE #SEQR 17-027**

The Department has received the Combined Notice of Finding of No Significant Impact and Notice of Intent to Request Release of Funds for the Town of Nichols Joint Fire Station Project. Please consider the Department of Transportation as an Involved Agency in regard to notifications and reviews of site plans and project documents especially those pertaining to activities within the state right-of-way, NYS Route 282.

The project proposes to upgrade and expand the Town of Nichols Joint Fire Station, including the addition of a multi-purpose community hall. The Village of Nichols as the Project Sponsor will be required to apply to the NYS DOT Region 9 Permits Office for a PERM 33-COM Highway Work Permit in order to evaluate impacts to driveway access and traffic.

If you have any questions regarding the permit process, please call Cathy Niederriter in our Region 9 Permits Office at 607-721-8082.

Sincerely,

Dear Ms. Taylor,

Thank you for your comments.

We will incorporate your request into the environmental review record and "Permits and Approvals" requirements for both projects.
