Subject: Addendum #5 - Residential Environmental Remediation of Lead, Asbestos, and Radon; RFQ # 201510_039

1. The submission period for Responses, which ended on November 12, 2015, has been reopened and shall remain open until further notice.
2. Respondents may submit their Responses at any time. However, Respondents are strongly encouraged to submit their Responses as soon as possible. Only those Respondents who have received an approved determination of qualification at the time of a bid or proposal solicitation release will be able to participate in that bid or solicitation.
3. GOSR shall have ninety (90) days from the date of submission of a completed Response to make a determination to approve or deny qualification.
4. Note that being included on the List of Qualified Vendors does not represent a finding of responsibility for a particular procurement. Rather, GOSR will make a responsibility determination between the time of bid opening or receipt of proposals for a specific procurement and contract award. A Qualified Vendor determined to be non-responsible shall be removed from the List of Qualified Vendors.

All other terms and conditions remain the same.
