

Program Overview

Goals & Recovery Functions

The NY Rising Community Reconstruction (NYRCR) Program is helping communities impacted by Hurricane Irene, Tropical Storm Lee, and Superstorm Sandy to rebuild and become more resilient through community-driven plans that consider current damage, future threats to community assets, and the community's economic future. Residents are here today to participate in a public meeting to learn more about the program and share their input on assets, needs, opportunities, and community vision to help shape the planning process.
