

Working together to build back better

Broome Communities: City of Binghamton, Towns of Union, Vestal, Conklin, Villages of Johnson City and Endicott

Broome Co-Chairs: Tim Grippen, Vince Pasquale & Gail Domin

Tioga Communities: Town and Village of Owego, Town of and Village of Nichols, Town of Tioga

Tioga Co-Chairs: Dr. John G. Baust & Cindy Bennett

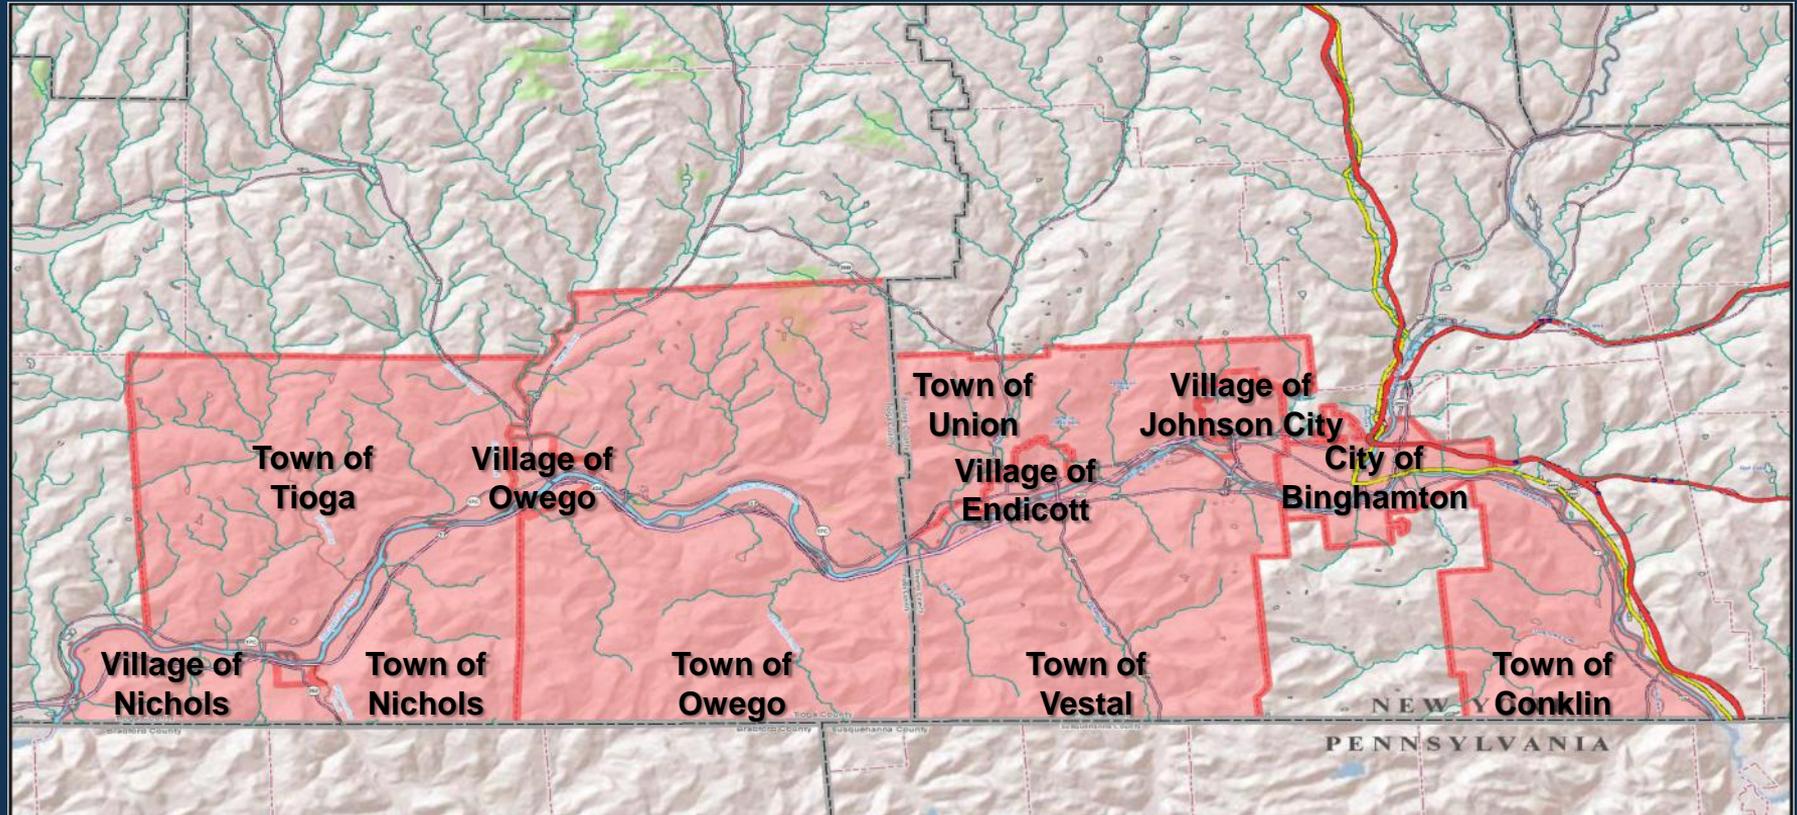

Content of presentation not final and for demonstration purposes only. All projects subject to review and regulatory approval.

Broome and Tioga Communities

- **NY Rising Program designation**
- **Tioga County Riverine Communities**
 - Added Town of Tioga
- **Broome Communities**
 - Added Village of Endicott
- **Broome and Tioga Communities**
 - Common vision for the Susquehanna River
 - Integrate Sidney, Delaware County

Broome and Tioga Communities Susquehanna River Basin

Sharing a Vision

Broome Vision: The Broome Communities are diverse - urban, suburban, rural – and **work regionally** to assure an **economically vibrant and safe** future for all of their residents. The communities recognize the **economic**, environmental, and social value and challenges associated with the region's rivers and tributaries. By promoting sound growth, mitigating future damage and **transforming** these communities through a comprehensive and sustainable approach, the region will reach its full potential for **resiliency**.

Tioga Vision: Through our **collaborative efforts**, the Tioga Community is capitalizing on opportunities to rebuild **stronger, smarter and safer**. We are a warm and **resilient** group of riverine communities that works together to restore, redevelop **and revitalize our economy**, quality of life, housing, infrastructure and natural resources that make up our cultural fabric.

Assets and Risks: Tioga Communities

Assets and Risks: Broome Communities

Needs and Opportunities

- **Need: Regional Summit**

- Three counties
- Expert panel
- Provide bases for doable solutions

- **Opportunity: Regional Approach to Resiliency Planning**

- Education
- Design
- Implementation

Potential Priority Projects

- **Economic**

- Broome : BAE Redevelopment
- Tioga: Business Pre-Incubator/Research Triangle – Partnership with STREDC

- **Infrastructure**

- Both: Incorporate green infrastructure techniques
- Both: Expand sewer and water to support development outside of floodplains

- **Emergency Needs**

- Both: Multi-Tiered Emergency Alert System
- Both: Backup generators
- Both: Regional shelter

Potential Priority Projects

• Critical Government Facilities

➤ Tioga County

1. Town and Village of Owego: Establish shared Town/Village DPW Campus out of floodplain
2. Town and Village of Nichols: Purchase elementary school and create shared offices
3. Town of Tioga: Re-establish Post Office

➤ Broome County

- Various needs for flood proofing buildings

• Community Services and Vulnerable Populations

- ### ➤ Both: 'Flood proofing' senior and at-risk housing

Potential Project Showcase

- **Regional River System Initiative to Build Resilience**
 - Susquehanna River and Watershed Analysis and Modeling
 - Demonstration Projects
 - Regional Stream Management Program
 - Regional Retention Systems
 - Regional Partnerships
