Agenda Item: Project List Update
Presenter: Greg Brunelle, Kathy Ember, Jim Levy

Summary of Discussion:
1. The Committee received an update on the status of projects. A brief discussion regarding the siting of Blenheim Town Hall was undertaken. The Committee discussed some project-specific details.

2. There was discussion about road closures after the storm. There has been some conflicting data/information and the consultant team needs to finalize the details. The Committee generally agreed that within the first 48 hours, the entire road network was essentially closed. After 48 hours residents and emergency responders were able to begin to remove debris and make roads passable. However, even days and weeks after the storm, many roads were either restricted or closed due to construction.
