

Fire Island

Vision for a Resilient and Sustainable Community

As an integral component of the Fire Island National Seashore, the communities of Fire Island are united in their determination to strengthen and preserve this unique, dynamic barrier island for future generations.

We recognize Fire Island's critical importance to the entire region – as Long Island's first line of defense against destructive storm surges, a precious natural resource and ecosystem, and an engine for the Long Island and New York State economy.

Working collaboratively, we will partner with governmental agencies on every level to ensure the island's resiliency and sustainability, and to secure Fire Island's future.
