MONTGOMERY COUNTY NY RISING COMMUNITY PUBLIC MEETING

NY Rising Community Reconstruction Program is a New York State initiative to empower communities hit hard by storms to create and implement innovative recovery plans that foster economic growth and resilience.

A Committee of Montgomery County representatives is working with the State to develop a community-driven plan to build back better – your input is important to this effort. We are looking for your feedback on a preliminary list of recovery projects for Fort Plain.

Your experience and knowledge of the community and region can help shape the Montgomery County NY Rising Community plan for a more resilient future.

Please join us in this important effort to build back better!
