NY Rising Communities  
Reconstruction Program

Damaged Areas Driving Tour

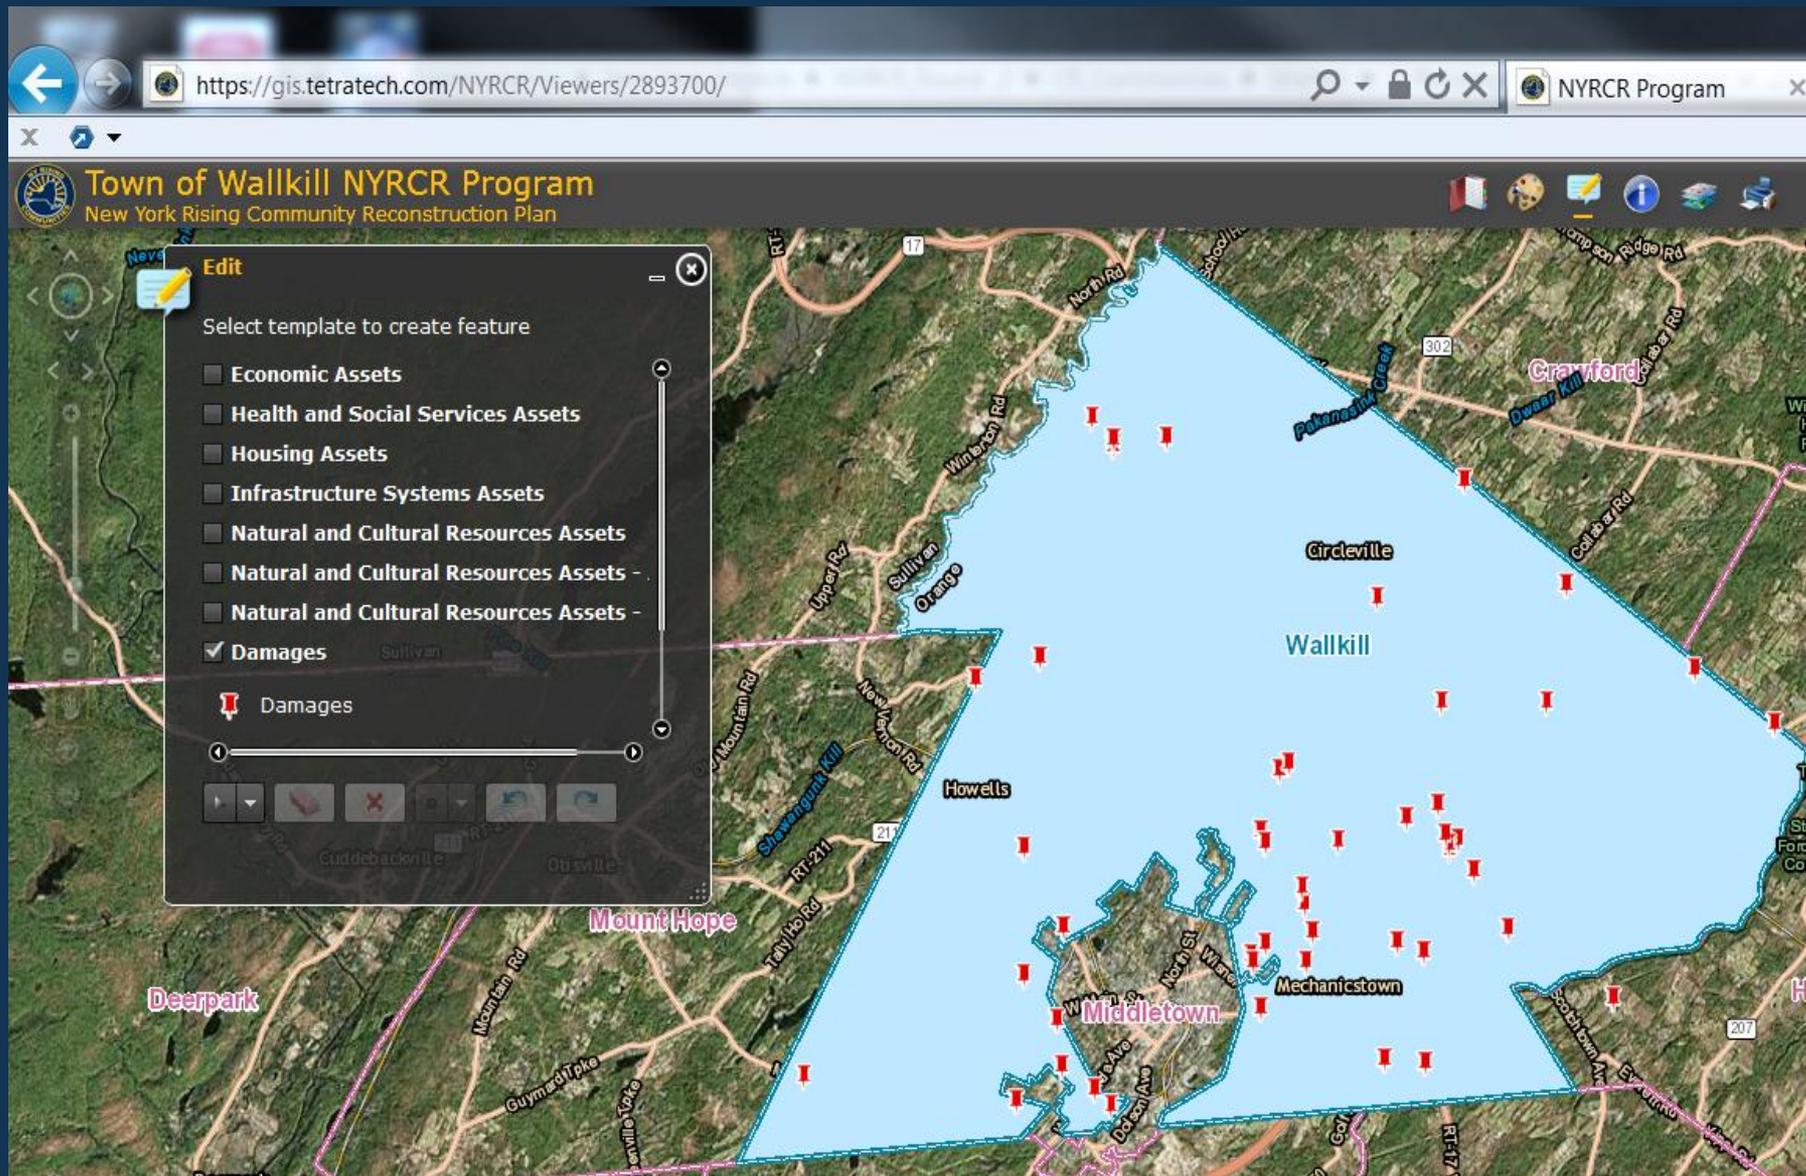

DIY

# Geographic Scope

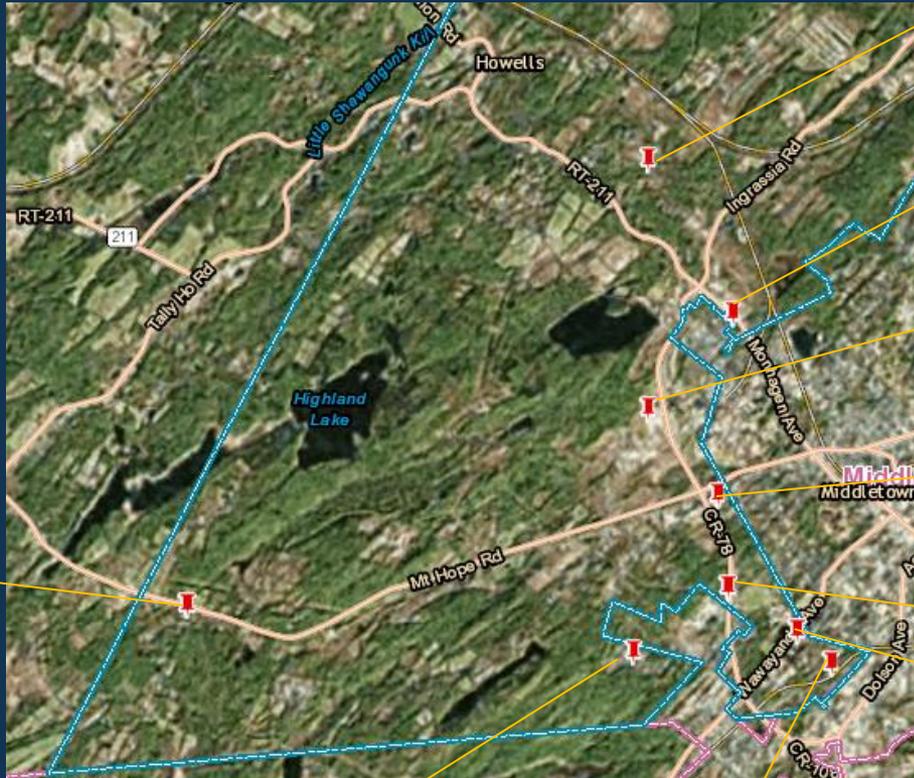

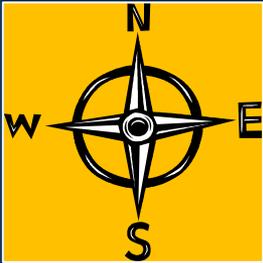

As part of the NYRCR Town of Wallkill plan, areas that have previously sustained damage have been identified. This document is for your use to visit the sites identified at your leisure. All of this information is available on the Town of Wallkill NYRCR Program Portal, which you all have access to as Committee members. By clicking on the “Damages” box, all damage points are illuminated. The next page has map of damage points. Each page in this document provides you with the cross streets of where the damage areas mapped can be found.
