Defining the NYRCR Town of Wallkill's Resilience Strategies and Potential Projects

Based on the Critical Issues, Risks, Needs, and Opportunities presented tonight, how should the NYRCR Town of Wallkill Planning Committee move forward with projects in order to recover from the flooding events from Hurricane Irene and Tropical Storm Lee and to improve the overall resiliency of the Town? Please focus on the following categories:

- Infrastructure
- Housing
- Economic Development
- Health and Human Services
- Natural and Cultural Resources
- Community Planning and Capacity Building (regulations, emergency operation/services, shelters, etc.)

Please provide your ideas and suggestions about resilience strategies and potential projects for continued recovery to help the Town build back better, and become more resilient for generations to come.
