## Rockaway West Strategies

---

**Strengthen the Edge (Infrastructure)** – Protect the Rockaway West communities and minimize flooding by strengthening the ocean and bay edges

**Power, Utilities, and Water (Infrastructure)** – Strengthen all utilities and communications infrastructure to ensure endurance at all times

**Expand Transportation (Infrastructure)** – Improve and expand transportation networks for the communities across Rockaway West to ensure ongoing connectivity and multiple access points

**Economic Sustainability (Economic Development)** – Strengthen commercial corridors to protect and sustain economic health during and after storms and to maintain overall vibrancy of the community

**Connection to Water (Natural and Cultural Resources)** – Expand the access and opportunities presented by the water, the nucleus of the Rockaway communities

**Rebuild and Protect (Housing)** – Rebuild and protect all types of housing, the most important asset to the community (including single-family, mid-rise, and high-rise, renter- and owner occupied, and both regulated and market rate)

**Emergency Preparedness (Community Planning)** – Strengthen key corridors and intersections to protect and sustain economic health during and after storms and to enhance community vibrancy

**Expand Health and Social Services (Health & Social Services)** – Expand healthcare and social services in Rockaway West, especially during and after emergencies

---

In this phase, we will identify preliminary initiatives for evaluation and funding, in three categories:
