

State of New York
Citizen Participation Plan
Community Development Block Grant Disaster Recovery
Hurricane Irene, Tropical Storm Lee, & Superstorm Sandy
January 5, 2015

The primary goal of the New York Citizen Participation Plan is to provide all New York citizens with an opportunity to participate in the planning, implementation, and assessment of the State's CDBG-DR Sandy recovery program(s). The Plan sets forth policies and procedures for citizen participation, which are designed to maximize the opportunity for citizen involvement in the community redevelopment process. New York State developed the Citizen Participation Plan to meet the requirements of the CDBG Disaster Recovery (CDBG-DR) funding for Superstorm Sandy, Hurricane Irene, and Tropical Storm Lee. The Plan reflects the alternative requirements as specified by the U.S. Department of Housing and Urban Development (HUD) in the Federal Register (FR-5696-N-01), Federal Register (FR-5696-N-06), Federal Register (FR-5696-N-11), and notice of specific waivers.

The State will ensure that any Units of General Local Government (UGLG) or sub-recipients who receive funds will have a Citizen Participation Plan that meets the CDBG-DR regulations and takes into consideration the waivers and alternatives made available under CDBG-DR funding.

In order to facilitate citizen participation requirements and to maximize citizen interaction in the development of the New York Disaster Recovery Action Plan, substantial amendments to the Action Plan, and the Quarterly Performance Reports (QPR), the State has laid out targeted actions to encourage participation and allow equal access to information about programs by all citizens, including those of low and moderate income, persons with disabilities, the elderly population, persons receiving Disaster Housing Assistance Program (DHAP) funding, and persons with limited English proficiency.

Public Outreach

GOSR is committed to ensuring that all populations impacted by the storms are aware of the programs available to assist in the recovery from Hurricane Irene, Tropical Storm Lee, and Superstorm Sandy. Through in person meetings, outreach events, online and traditional media, GOSR has publicized programs and conducted outreach efforts throughout the storm impacted areas. In addition, the Governor initiated the NYRCR Program, a grass-roots community driven process that engages the public as a key stakeholder in the planning and rebuilding process. Through 61 cross-jurisdictional Planning Committees representing 119 communities, the NYRCR stakeholders helped to inform their communities about the available recovery programs as they came online.

Programmatic Outreach

Through the NYRCR Program, there have been over 650 Planning Committee Meetings to construct a vision statement; to conduct an inventory of critical assets and an assessment of risks; and then ultimately to craft the strategies, and proposed projects or actions to address these risks. All meetings were open to the public and were publicized by media advisories, flyers, and posters hung in public buildings; radio announcements; and through social media. Where necessary, meetings were advertised in various languages to ensure the immigrant population was informed. Translators were also present at meetings so that information was clearly understood. For the hearing impaired, sign language interpreters were also available.

More than 250 Public Engagement Events attracted thousands of community members, who provided feedback on the NYRCR planning process and proposals and made additional suggestions. Planning Committees members were instrumental in representing communities that are traditionally

underrepresented in disaster recovery, from engaging immigrant populations to working with high school students. Committee members made presentations at senior housing complexes, religious gatherings, schools, and at Chambers of Commerce.

For the Small Business program, GOSR worked in coordination with the Empire State Development Corporation (ESD) as well as its sub-recipient, the Small Business Development Center (SBDC) to create a multi-pronged approach to reach out to more than 3,000 businesses in the impacted communities has included paid advertising, door-to-door visits, press releases and other public relations efforts, and collaboration with various constituents and community organizations.

For the NY Rising Homeowner Program, early on the State partnered with the Long Island Housing Partners to target community outreach including but not limited to, persons with disabilities and other special needs, and senior households, with a focus on low- and moderate- income minority communities; outreach to and coordination with civic associations, religious and advocacy groups (racial equity), social service agencies, emergency aid not-for profits, educational institutions, and outreach to residences impacted by the disaster.

The State's vendors on the project also held numerous meetings to inform the public about the availability of grants for home repairs. This outreach consisted of a variety of methods: media announcements, online updates on the Storm Recovery website and through Storm Recovery profiles on social media platforms including Facebook, Twitter, and Instagram, community meetings, and partnerships with sub-recipients. Additionally, staff frequently made presentations to community groups, specifically in Long Island, to provide updated program information. A similar effort has been conducted in counties in upstate New York to make sure that all impacted homeowners have the most up to date information about the program. In addition, frequent technical assistance meetings were held with applicants to assist homeowners in better understanding the program and completing the rebuilding process successfully.

Further the State also engaged the Welfare Council of Long Island/Long Island Long-Term Recovery Group (LTRG) to conduct targeted outreach to low and moderate income individuals that were affected by the Superstorm Sandy, in order to encourage these individuals to apply to the NY Rising Housing Recovery Assistance Program before the April 11, 2014 deadline.

For its rental programs, the State will continue to conduct outreach to potential landlords throughout the impacted areas that may be eligible for the program. As part of its implementation, the State will also conduct outreach to previous tenants of the damaged rental units to make them aware of potential repaired and newly built units as they are completed.

Outreach to Vulnerable Populations

The State has also conducted outreach to residents with more acute needs, particularly low and moderate income household and households headed by non-English speaking persons. As noted above, within the NYRCR program, where necessary, meetings were advertised in various languages to ensure the immigrant population was informed. Translators were also present at meetings so that information was clearly understood. For the hearing impaired, sign language interpreters were also available.

As the State continues to implement programs and work with communities to recover from Hurricane Irene, Tropical Storm Lee and Superstorm Sandy, GOSR is committed to continued outreach and program accessibility to vulnerable populations and ensuring that program information is accessible to populations with language barriers. For example, the APA is translated into Spanish, Russian and Chinese, which are the three languages most needed for persons with language barriers in impacted counties (based on the 2008-2012 ACS 5-Year Estimates, Table B16001, Populations 5 Years and Over Who Speak English less than "very well").

Currently documents are translated into the three above-mentioned languages. The State will continue to translate programmatic materials within its programs. The State will also continue to provide translation services as needed in case management and public meetings.

The State is in the process of upgrading its entire website. In the interim, prior to deployment of the revised website, the State continues to update its current website to enable language access capabilities. In addition, as it rolls out the revised website, the State will prioritize language translation functionality as one of the first phases of the development process. The State will also provide translation of any document into additional languages, braille, or any other formats for persons with visual impairments upon request.

The State continues to further these efforts to reach out to all populations and ensure that the community is educated and aware of all of the recovery programs. As programs adjust and move into new phases, the State will continue to adjust their public outreach to ensure comprehensive outreach to all populations.

Public Notices, Public Hearings, and Comment Period

The State Citizen Participation Plan will ensure that there is reasonable and timely access for public notice and comment on the activities proposed for the use of CDBG-DR grant funds. In the Notices for the Second and Third Allocation HUD revised the requirements for public hearings. The State will always hold a minimum of one public hearing for each substantial amendment which started with APA6. Written minutes of the hearings and attendance rosters will be kept for review by State officials. The State will continue to coordinate outreach meetings with State entities, local governments, non-profits, private sector, and involved associations. The State invited public comment to the New York Disaster Recovery Action Plan and will continue to invite public comment for any future Substantial Amendments for a minimum thirty days, posted prominently and accessed on GOSR's official website.

Substantial Amendments to the Action Plan

The State has defined Substantial Amendments to the Action Plan as those proposed changes that require the following decisions:

- Addition or deletion of any allowable activity described in the approved application;
- The allocation or re-allocation of more than \$1 million; and,
- Change in the planned beneficiaries.

Those amendments which meet the definition of a Substantial Amendment are subject to public notification, public hearings and public comment procedures. Citizens and units of local government will be provided with reasonable notice and an opportunity to comment on proposed Substantial Amendments to the Action Plan. A notice and copy of the proposed Substantial Amendment will be posted on the agency's official website. Citizens will be provided with no less than thirty days to review and comment on the proposed amendment. Written comments may be submitted to:

**Governor's Office of Storm Recovery
64 Beaver Street
P.O. Box 230
New York, New York 10004**

Comments may also be made at www.stormrecovery.ny.gov. A summary of all comments received and reasons why any comments were not incorporated into the Substantial Amendment will be included in the HUD request for a Substantial Amendment and posted to GOSR's official website.

Non-substantial Amendments to the Action Plan will be posted on GOSR's official website after notification is sent to HUD and the amendment becomes effective. Every Amendment to the Action Plan (substantial and non-substantial) will be numbered sequentially and posted on the website.

Performance Reports

The State must submit a Quarterly Performance Report through HUD's Disaster Recovery Grant Reporting (DRGR) system no later than thirty (30) days following the end of each calendar quarter. Within three (3) days of submission to HUD, each QPR must be posted on GOSR's official website for public review and comment. The State's first QPR is due after the first full calendar quarter after the grant

award. QPR's will be posted on a quarterly basis until all funds have been expended and all expenditures have been reported.

Each QPR will include information about the uses of funds in activities identified in the Action Plan as entered in the DRGR reporting system. This includes, but is not limited to: project name, activity, location, and National Objective; funds budgeted, obligated, drawn down, and expended; the funding source and total amount of any non-CDBG-DR funds to be expended on each activity; beginning and actual completion dates of completed activities; achieved performance outcomes such as number of housing units complete or number of low and moderate income persons benefiting; and the race and ethnicity of persons assisted under direct-benefit activities. The State must also record the amount of funding expended for each Contractor identified in the Action Plan. Efforts made by the State to affirmatively further fair housing will also be included in the QPR.

During the term of the grant, the grantee will provide citizens, affected local governments, and other interested parties with reasonable and timely access to information and records relating to the approved program and to the grantee's use of grant funds as well as contracts procured with CDBG-DR funding. This information shall be posted on the grantee's official website and provided on request.

Technical Assistance

The State will provide technical assistance to facilitate citizen participation where requested, particularly to groups representative of persons of low and moderate income and vulnerable populations. The level and type of technical assistance shall be determined by the applicant/recipient based upon the specific need of the community's citizens.

Citizen Participation Requirements for Sub-recipients and Local Governments Participating in CDBG-DR Programs

To ensure applicant compliance with Section 508 of the Housing and Community Development Act of 1974, as amended, the citizen participation requirements for Units of General Local Government (UGLG) applying for or receiving DR funds from the State are as follows:

Each applicant shall provide citizens with adequate opportunity to participate in the planning, implementation, and assessment of the CDBG program. The applicant shall provide adequate information to citizens, obtain views and proposals of citizens, and provide opportunity to comment on the applicant's previous community development performance.

UGLGs receiving CDBG-DR funds must have a written and adopted Citizen Participation Plan which:

- Provides for and encourages citizen participation, with particular emphasis on participation by persons of low- and moderate- income who are residents of slum and blighted areas and of areas in which funds are proposed to be used;
- Provides citizens with reasonable and timely access to local meetings, information, and records relating to the State's proposed method of distribution, as required by regulations of the Secretary, and relating to the actual use of funds under Title I of the Housing and Community Development Act of 1974, as amended, and the unit of local government's proposed and actual use of CDBG funds;
- Provides for technical assistance to groups representative of persons of low- and moderate-income that request such assistance in developing proposals with the level and type of assistance to be determined by the grantee;
- Provides for the review of proposed activities and program performance by potential or actual beneficiaries, and with accommodations for the disabled;

- Provides for a timely written answer to written complaints and grievances, within 15 working days where practicable;
- Identifies how the needs of non-English speaking residents will be met where a significant number of non-English speaking residents can be reasonably expected to be involved;
- Establishes procedures and policies to ensure non-discrimination, based on disabilities, in programs, and activities receiving Federal financial assistance as required by Section 504 of the Rehabilitation Act of 1973, as amended.

The plan must be made available to the public and must include procedures that meet the following requirements:

- *Performance Hearings:* Prior to close out of the disaster recovery program, the Program, the UGLG and State sub-recipients may be required to hold a public hearing to obtain citizen views and to respond to questions relative to the performance of the program. This hearing shall be held after adequate notice, at times and locations convenient to actual beneficiaries and with accommodations for the disabled and non-English speaking persons provided. Written minutes of the hearings and attendance rosters will be kept for review by State officials. Nothing in these requirements shall be construed to restrict the responsibility and authority of the applicant for the development of the application.
- *Complaint Procedures:* The State will ensure that each UGLG, or Sub-recipient funded with CDBG-DR funds will have written citizen and administrative complaint procedures. The written Citizen Participation Plan shall provide citizens with information relative to these procedures or, at a minimum, provide citizens with the information relative to the location and hours at which they may obtain a copy of these written procedures. All written citizen complaints which identify deficiencies relative to the UGLG, Sub-recipient's community development program will merit careful and prompt consideration. All good faith attempts will be made to satisfactorily resolve the complaints at the local level. Complaints will be filed with the Executive director or chief elected official of the entity who is receiving the funds and who will investigate and review the complaint. A written response from the Chief Elected Official, Agency Head, or Executive Director to the complainant will be made within 15 working days, where practicable. A copy of the complaint and determination must be sent to GOSR's head of Monitoring and Compliance.
