

Recover from Yesterday, Plan for Tomorrow

The New York Rising Community Reconstruction Program (NYRCR) has been established to provide additional rebuilding and revitalization assistance to communities severely damaged by Hurricanes Sandy and Irene and Tropical Storm Lee.

Virtual Community Events and Surveys

To enhance the dialogue between the NYRCR Program and NYRCR Communities, the NYRCR Project Team has developed a series of online meetings and surveys to be viewed and completed at the convenience of community residents.

The table below lists the Suffolk County NYRCR Virtual Community Meeting URLs and the dates that these sites become active for each community (typically the day after the physical community meeting.) The last day to participate in online community events is March 9, 2014.
