RE: COMBINED NOTICE OF FINDING OF NO SIGNIFICANT IMPACT (FONSI) AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS (NOIRROF)

NY RISING AND NYC BUILD IT BACK ACQUISITION FOR REDEVELOPMENT PROGRAM IN: BRONX COUNTY, NY; KINGS COUNTY, NY; NEW YORK COUNTY, NY; AND QUEENS COUNTY, NY

BY NEW YORK STATE HOUSING TRUST FUND CORPORATION & THE CITY OF NEW YORK OFFICE OF MANAGEMENT AND BUDGET

New York State Housing Trust Fund Corporation (HTFC)
38-40 State Street
Albany, NY 12207
(518) 473-4732

New York City Office of Management and Budget
255 Greenwich Street
New York, NY 10007
(212) 788-6024

Name of Responsible Entities and Recipients: (1) New York State Homes and Community Renewal (HCR) 38-40 State Street, Albany, NY 12207, in cooperation with New York State Housing Trust Fund Corporation (HTFC), of the same address; contact: Thomas King, Certifying Officer, Governor's Office of Storm Recovery, 99 Washington Avenue, Suite 1010, Albany, NY 12231; and (2) New York City Office of Management and Budget (OMB), 255 Greenwich Street, New York, NY 10007, contact: Dean Fuleihan, Certifying Officer of same address.

The proposed action is being conducted jointly by New York State (NYS) and New York City (NYC) under a Memorandum of Agreement between the two responsible entities for the environmental review.

This combined notice satisfies two separate procedural requirements for project activities to be undertaken.

Per 24 CFR Part 58.33, the combined Notice of Finding of No Significant Impact and Notice of Intent to Request Release of Funds (FONSI/NOIRROF) will be published simultaneously with the submission of the Request for Release of Funds (RROF). The funds are needed on an emergency basis due to a declared disaster resulting from the impacts of Superstorm Sandy, which made landfall on October 29, 2012. As a result, the comment periods for the FONSI/NOIRROF and the RROF have been combined.

Project Description: HTFC and the New York City intend to undertake the following project, funded by United States Department of Housing & Urban Development's (HUD) 2013 Community Development Block Grant – Disaster Recovery (CDBG-DR) funds under the NY Rising and NYC Build It Back Acquisition for Redevelopment Program in the following counties: Bronx County, NY; Kings County, NY; New York County, NY; and Queens County, NY.

The activities associated with the NY Rising and NYC Build It Back Acquisition for Redevelopment Program in the New York City (Bronx, Kings, New York, and Queens) counties described herein will provide financial assistance to homeowners whose residences were substantially damaged by Superstorm Sandy. The NY Rising and NYC Build It Back Acquisition for Redevelopment Program activities to be funded by CDBG-DR in New York City (Bronx, Kings, New York, and Queens) counties have been designed to provide home acquisition assistance to owners of 1-2 unit family homes.

Within New York City, the City will refer eligible applicants from the City's Build it Back (BIB) program to the State's acquisition program. Eligible applicants from the BIB will have established substantial damage. Once NYC makes the eligibility determination, the applicant will be referred to the State. The State will purchase the property and secure the site in such a manner that the site will not adversely impact adjacent properties or owners. The State will then transfer the property to the City's designated nonprofit agent for demolition, and finally disposition in preparation for future flood resistant development. The State's role will include environmental review, title work, and purchase. All other action will be taken by the City prior to the referral and following the transfer. Specific details of reuse of the acquired properties are unknown at this time, however use will be in accordance with local zoning and land use plans.

This is the first tier of review in a 2-tiered process. The specific addresses of homes are not known at this time because the participating property owner identification process is ongoing. Therefore, under 24 CFR Part 58.15 (Tiering) and 24 CFR Part 58.32 (Project Aggregation), HTFC will use a tiered approach and once specific sites are determined, each site will be reviewed in compliance with the instructions established in the Tier 1 Reviews for each county. No physical work will begin on properties until all levels of environmental review are complete and found to be in compliance. The Tier 1 reviews addressed specific environmental factors for which compliance has been documented, regardless of specific site locations. It prevents repeating the same compliance factors on a Tier 2 site-specific basis, once all participating homeowners are known.

FINDING OF NO SIGNIFICANT IMPACT

A Tier 1 Environmental Review Record (ERR) was established for each county and is maintained on file. The ERR is incorporated by reference into this FONSI. A full copy of the ERR, including a completed National Environmental Policy Act of 1969 (NEPA) Environmental Assessment Checklist, an Environmental Assessment Work Sheet, and area map, is available for public inspection during normal business hours in accordance with 24 CFR Part 58 at the offices listed below or at <http://www.nyshcr.org/Programs/NYS-CDBG-DR/EnvironmentalReview.htm>.

HTFC has determined that the ERR for the project identified herein complies with the requirements of HUD environmental review regulations at 24 CFR Part 58, et al.

HTFC has also determined that the project described herein, as proposed, will have no significant adverse environmental or socioeconomic impacts, either direct, indirect, or cumulative. There will be no significant impact on the human environment, and the action will not negatively impact the quality of the environment. Therefore, HTFC has determined that the project, as proposed, is not an action that will result in a significant impact on the quality of the human environment. Moreover, the project does not require an Environmental Impact Statement under NEPA.

Public Review: Public viewing of the ERR is available on the internet and is also available in person Monday – Friday, 9:00 AM – 5:00 PM at the following addresses:

This combined notice is being sent to individuals and groups known to be interested in these activities, local news media, appropriate local, state, and federal agencies, the regional office of U.S. Environmental Protection Agency having jurisdiction, and to the HUD Field Office, and is being published in newspapers of general circulation in the affected community.

Public Comments on FONSI/Findings and NOIRROF

Any individual, group, or agency may submit written comments on this project. Those wishing to comment should specify in their comments which distinct part(s) of this Combined Notice they intend their comments to address. Comments should be submitted via email, in the proper format, on or before October 27, 2014 at: NYSCDBG_DR_ER@nyshcr.org or CDBGDR-Enviro@omb.nyc.gov. Written comments may also be submitted at the following address, or by mail, in the proper format, to be received on or before October 27, 2014.

REQUEST FOR RELEASE OF FUNDS

Written notice of environmental clearance will be required prior to the removal of any limitation on commitment of federal funds in accordance with regulations at 24 CFR Part 58.70.

On October 10, 2014, the HCR Certifying Officer will submit this request and certification to HUD for the release of CDBG-DR funds as authorized by related laws and policies for the purpose of implementing this part of the New York State CDBG-DR program.

HCR and OMB certify to HUD that Thomas King and Dean Fuleihan, acting in capacity as Certifying Officers, respectively, consent to accept the jurisdiction of the U.S. federal courts if an action is brought to enforce responsibilities in relation to the environmental reviews, decision-making, and action, and that these responsibilities have been satisfied. Moreover, HCR and OMB certify that Tier 1 environmental reviews for the projects described herein have been completed and that additional Tier 2 site-specific review will occur once the specific sites are identified. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows HTFC/HCR and OMB to use CDBG-DR funds.

Objections to Release of Funds - HUD will consider objections to the RROF and/or FONSI certification for a period of fifteen (15) days following the submission date or its actual receipt of the request (whichever is later). Potential objectors may contact HUD to verify the actual last day of the objection period.

The only permissible grounds for objections claiming a responsible entity's non-compliance with 24 CFR Part 58 are:

- (a) Certification was not executed by the responsible entity's Certifying Officer;
- (b) The responsible entity has omitted or failed to make a step, decision, or finding required by HUD regulations at 24 CFR Part 58;
- (c) The responsible entity has committed funds or incurred costs not authorized by 24 CFR Part 58 before release of funds and approval of environmental certification; or
- (d) Another federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality.

Objections must be prepared and submitted in writing in accordance with the required procedures and format (24 CFR Part 58) and shall be addressed to:

Nombre de las Entidades Responsables y Beneficiarios: (1) New York State Homes and Community Renewal (HCR) 38-40 State Street, Albany, NY 12207, en colaboración con New York State Housing Trust Fund Corporation (HTFC), de la misma dirección; contacto: Thomas King, Oficial Interventor, Oficina del Gobernador para Recobro ante Tormentas, 99 Washington Avenue, Suite 1010, Albany, NY 12231; y (2) la Oficina de Administración y Presupuesto de la Ciudad de Nueva York (OMB), 255 Greenwich Street, New York, NY 10007, contacto: Dean Fuleihan, Oficial Interventor de la misma dirección.

La acción propuesta se está llevando a cabo conjuntamente por el Estado de Nueva York y la Ciudad de Nueva York (NYC) bajo un memorando de Acuerdo entre las dos entidades responsables para la revisión ambiental. Este aviso combinado cumple dos requisitos procesales separados para las actividades del proyecto a realizar.

Conforme al 24 CFR parte 58.33, el Aviso Combinado de no Haber Hallado Impacto Significativo y Aviso de Intención de Solicitar la Liberación de Fondos (FONSI/NOIRROF) se publicarán simultáneamente con la presentación de la Solicitud de Liberación de Fondos (RROF). Los fondos se necesitan en base de emergencia debido al desastre declarado resultante de los impactos de la super tormenta Sandy, que tocó tierra el 29 de octubre de 2012. Como resultado, se han combinado los periodos de comentario para el FONSI/NOIRROF y el RROF.

Descripción del Proyecto: HTFC y la ciudad de Nueva York proponen llevar a cabo el siguiente proyecto, financiado por el Departamento de Vivienda & Desarrollo Urbano de los Estados Unidos (HUD) Concesión de 2013 para Desarrollo Comunitario Block Grant – Fondos de Recuperación ante Desastres (CDBG-DR) fondos bajo el Programa de Adquisición para Reconstrucción NY Rising y NY Build It Back en los siguientes condados: Condado de El Bronx, NY; Condado de Kings, NY; Condado de Nueva York, NY; y el Condado de Queens, NY. Las actividades asociadas con el Programa de Adquisición para Reconstrucción NY Rising y NY Build It Back en la ciudad de Nueva York en los condados descritos (Bronx, Kings, New York y Queens) proporcionarán asistencia financiera a los propietarios cuyas residencias fueron dañadas substancialmente por la super tormenta Sandy. Las actividades para el Programa de Adquisición para Reconstrucción NY Rising y NY Build It Back para ser financiadas en la ciudad de Nueva York en los condados descritos (Bronx, Kings, New York y Queens) han sido diseñadas para ayudar en la adquisición de casas a propietarios de viviendas unifamiliares de 1-2 unidades.

Dentro de la ciudad de Nueva York, la ciudad de Nueva York referirá a los solicitantes elegibles al programa New York Build It Back (BIB) de la ciudad para el programa estatal de adquisición. Los solicitantes elegibles al BIB tendrán que haber establecido daños substanciales. Una vez NYC toma la determinación de elegibilidad, el solicitante será referido al Estado. El estado comparará la propiedad y asegurará el sitio de tal manera que el sitio no afectará negativamente a las propiedades adyacentes o a propietarios. Entonces, el estado transferirá la propiedad al agente sin fines de lucro designado por la ciudad, para la demolición y finalmente dispondrá de ella en preparación para el futuro desarrollo resistente a inundaciones. El papel del estado incluirá revisión ambiental, la gestión del título y compra. Todas las otras medidas serán tomadas por la ciudad antes de la remisión y seguidas por la transferencia. En este momento se desconocen los detalles específicos de la reutilización de las propiedades adquiridas, sin embargo el uso se hará de acuerdo con la zonificación local y los planes de uso del terreno.

Este es el primer nivel de revisión en un proceso de 2 niveles. Las direcciones específicas de las casas se desconocen en este momento porque el proceso de identificación del propietario participante se está llevando a cabo. Por lo tanto, bajo el 24 CFR parte 58.15 (Niveles) y 24 CFR parte 58.32 (Agregación del Proyecto), HTFC utilizará un enfoque en los niveles y una vez determinados los sitios específicos, cada sitio será revisado en conformidad con las instrucciones establecidas en las Revisiones del Nivel 1 para cada condado. Ningún trabajo físico se comenzará en las propiedades hasta que todos los niveles de revisión ambiental estén completos y hallados en cumplimiento. Las revisiones del Nivel 1 abordan factores ambientales específicos para los cuales se ha documentado cumplimiento, independientemente de los sitios específicos. Esto evita la repetición del cumplimiento de los mismos factores sobre una base específica del sitio al Nivel 2, una vez que todos los propietarios participantes sean conocidos.

HALLAZGO DE NINGÚN IMPACTO SIGNIFICATIVO

Un Record de Revisión Medioambiental Nivel 1 (ERR) fue establecido para cada condado y se mantiene en el archivo. El ERR está incorporado para referencia en este FONSI. Una copia completa del ERR, incluyendo una Lista completa de Verificación de la Evaluación Ambiental (National Environmental Policy Act of 1969 (NEPA), una Hoja de Trabajo de Evaluación Ambiental y el mapa del área, están disponibles para inspección del público durante el horario normal de acuerdo con el 24 CFR parte 58 en las oficinas que se enumeran a continuación o en <http://www.nyschr.org/Programs/NYS-CDBG-DR/EnvironmentalReview.htm>.

HTFC ha determinado que el ERR para el proyecto identificado en el presente documento cumple con los requisitos de las normas de revisión ambiental de HUD en el 24 CFR parte 58, et al. HTFC también ha determinado que el proyecto descrito adjunto, como se propone, no tendrá efectos perjudiciales importantes al ambiente o socioeconómicos, ya sea directos, indirectos o acumulativos. No habrá ningún impacto significativo sobre el medio humano, y la acción no afectará negativamente la calidad del medio ambiente. Por lo tanto, HTFC ha determinado que el proyecto, como se propone, no es una acción que resultaría en un impacto significativo en la calidad del medio ambiente humano. Además, el proyecto no requiere una Declaración de Impacto Ambiental bajo NEPA.

SOLICITUD DE LIBERACIÓN DE FONDOS

Aviso por escrito de autorización ambiental será necesario antes de la eliminación de cualquier limitación sobre el compromiso de los fondos federales de acuerdo con las regulaciones en el 24 CFR parte 58.70. El 10 de octubre de 2014, el Interventor del HCR presentará esta solicitud y certificación a HUD para la liberación de los fondos del CDBG-DR según lo autorizado por las leyes y políticas para la aplicación de esta parte del programa CDBG-DR del estado de Nueva York.

HCR y OMB certifican a HUD que Thomas King y Dean Fuleihan, actuando en calidad de Oficiales Certificadores, respectivamente, consienten aceptar la jurisdicción de los tribunales federales de Estados Unidos si se interpone una acción para hacer cumplir las responsabilidades en relación con los comentarios del medio ambiente, toma de decisiones y acción, y que estas responsabilidades han sido satisfechas. Por otra parte, HCR y OMB certifican que las revisiones ambientales del Nivel 1 para los proyectos descritos se han terminado y que las revisiones específicas del Nivel 2 ocurrirán una vez que se identifiquen los sitios específicos. La aprobación de HUD de la certificación satisface sus responsabilidades bajo NEPA y con las leyes y las autoridades relacionadas y permite a HTFC/HCR y OMB utilizar los fondos de CDBG-DR.

Objeciones a la liberación de fondos - HUD examinará las objeciones a la certificación del RROF y/o FONSI durante un período de quince (15) días seguidos a la fecha de presentación de la solicitud o a su actual recibo (lo que sea posterior). Los objetores potenciales pueden comunicarse con HUD para verificar el último día del período de objeción.

- Los únicos motivos permitidos para objeciones alegando incumplimiento de una entidad responsable bajo el 24 CFR parte 58 son:
- (a) la certificación no fue ejecutada por el Oficial Interventor de la entidad responsable;
 - (b) la entidad responsable ha omitido o dejó de hacer un paso, decisión o un hallazgo requeridos por las regulaciones de HUD en el 24 CFR parte 58;
 - (c) la entidad responsable ha comprometido fondos o gastos no autorizados por 24 CFR parte 58 antes de liberar los fondos y la aprobación de la certificación ambiental; o
 - (d) otra agencia federal actuando conforme al 40 CFR parte 1504 ha presentado una decisión escrita de que el proyecto es insuficiente desde el punto de vista de la calidad ambiental.

The proposed action is being conducted jointly by New York State (NYS) and New York City (NYC) under a Memorandum of Agreement between the two responsible entities for the environmental review.

This combined notice satisfies two separate procedural requirements for project activities to be undertaken.

Per 24 CFR Part 58.33, the combined Notice of Finding of No Significant Impact and Notice of Intent to Request Release of Funds (FONSI/NOIRROF) will be published simultaneously with the submission of the Request for Release of Funds (RROF). The funds are needed on an emergency basis due to a declared disaster resulting from the impacts of Superstorm Sandy, which made landfall on October 29, 2012. As a result, the comment periods for the FONSI/NOIRROF and the RROF have been combined.

Project Description: HTFC and New York City intend to undertake the following project, funded by United States Department of Housing & Urban Development's (HUD) 2013 Community Development Block Grant – Disaster Recovery (CDBG-DR) funds under the NY Rising and NYC Build It Back Acquisition for Redevelopment Program in the following counties: Bronx County, NY; Kings County, NY; New York County, NY; and Queens County, NY.

The activities associated with the NY Rising and NYC Build It Back Acquisition for Redevelopment Program in the New York City (Bronx, Kings, New York, and Queens) counties described herein will provide financial assistance to homeowners whose residences were substantially damaged by Superstorm Sandy. The NY Rising and NYC Build It Back Acquisition for Redevelopment Program activities to be funded by CDBG-DR in New York City (Bronx, Kings, New York, and Queens) counties have been designed to provide home acquisition assistance to owners of 1-2 unit family homes.

Within New York City, the City will refer eligible applicants from the City's Build it Back (BIB) program to the State's acquisition program. Eligible applicants from the BIB will have established substantial damage. Once NYC makes the eligibility determination, the applicant will be referred to the State. The State will purchase the property and secure the site in such a manner that the site will not adversely impact adjacent properties or owners. The State will then transfer the property to the City's designated nonprofit agent for demolition, and finally disposition in preparation for future flood resistant development. The State's role will include environmental review, title work, and purchase. All other action will be taken by the City prior to the referral and following the transfer. Specific details of reuse of the acquired properties are unknown at this time, however use will be in accordance with local zoning and land use plans.

This is the first tier of review in a 2-tiered process. The specific addresses of homes are not known at this time because the participating property owner identification process is ongoing. Therefore, under 24 CFR Part 58.15 (Tiering) and 24 CFR Part 58.32 (Project Aggregation), HTFC will use a tiered approach and once specific sites are determined, each site will be reviewed in compliance with the instructions established in the Tier 1 Reviews for each county. No physical work will begin on properties until all levels of environmental review are complete and found to be in compliance. The Tier 1 reviews addressed specific environmental factors for which compliance has been documented, regardless of specific site locations. It prevents repeating the same compliance factors on a Tier 2 site-specific basis, once all participating homeowners are known.

FINDING OF NO SIGNIFICANT IMPACT

A Tier 1 Environmental Review Record (ERR) was established for each county and is maintained on file. The ERR is incorporated by reference into this FONSI. A full copy of the ERR, including a completed National Environmental Policy Act of 1969 (NEPA) Environmental Assessment Checklist, an Environmental Assessment Work Sheet, and area map, is available for public inspection during normal business hours in accordance with 24 CFR Part 58 at the offices listed below or at

<http://www.nysshr.org/Programs/NYS-CDBG-DR/EnvironmentalReview.htm>.

HTFC has determined that the ERR for the project identified herein complies with the requirements of HUD environmental review regulations at 24 CFR Part 58, et al.

HTFC has also determined that the project described herein, as proposed, will have no significant adverse environmental or socioeconomic impacts, either direct, indirect, or cumulative. There will be no significant impact on the human environment, and the action will not negatively impact the quality of the environment. Therefore, HTFC has determined that the project, as proposed, is not an action that will result in a significant impact on the quality of the human environment. Moreover, the project does not require an Environmental Impact Statement under NEPA.

Public Review: Public viewing of the ERR is available on the internet and is also available in person Monday – Friday, 9:00 AM – 5:00 PM at the following addresses:

REQUEST FOR RELEASE OF FUNDS

Written notice of environmental clearance will be required prior to the removal of any limitation on commitment of federal funds in accordance with regulations at 24 CFR Part 58.70.

On October 10, 2014, the HCR Certifying Officer will submit this request and certification to HUD for the release of CDBG-DR funds as authorized by related laws and policies for the purpose of implementing this part of the New York State CDBG-DR program.

HCR and OMB certify to HUD that Thomas King and Dean Fuleihan, acting in capacity as Certifying Officers, respectively, consent to accept the jurisdiction of the U.S. federal courts if an action is brought to enforce responsibilities in relation to the environmental reviews, decision-making, and action, and that these responsibilities have been satisfied. Moreover, HCR and OMB certify that Tier 1 environmental reviews for the projects described herein have been completed and that additional Tier 2 site-specific review will occur once the specific sites are identified. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows HTFC/HCR and OMB to use CDBG-DR funds.

Objections to Release of Funds - HUD will consider objections to the RROF and/or FONSI certification for a period of fifteen (15) days following the submission date or its actual receipt of the request (whichever is later). Potential objectors may contact HUD to verify the actual last day of the objection period.

The only permissible grounds for objections claiming a responsible entity's non-compliance with 24 CFR Part 58 are:

- Certification was not executed by the responsible entity's Certifying Officer;
- The responsible entity has omitted or failed to make a step, decision, or finding required by HUD regulations at 24 CFR Part 58;
- The responsible entity has committed funds or incurred costs not authorized by 24 CFR Part 58 before release of funds and approval of environmental certification; or
- Another federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality.

Objections must be prepared and submitted in writing in accordance with the required procedures and format (24 CFR Part 58) and shall be addressed to:

The proposed action is being conducted jointly by NYS and New York City (NYC) under a Memorandum of Agreement between the two responsible entities for the environmental review. This combined notice satisfies two separate procedural requirements for project activities to be undertaken.

Per 24 CFR Part 58.33, the combined Notice of Finding of No Significant Impact and Notice of Intent to Request Release of Funds (FONSI/NOIRROF) will be published simultaneously with the submission of the Request for Release of Funds (RROF). The funds are needed on an emergency basis due to a declared disaster resulting from the impacts of Superstorm Sandy, which made landfall on October 29, 2012. As a result, the comment periods for the FONSI/NOIRROF and the RROF have been combined.

Project Description: HTFC and the City of New York intend to undertake the following project, funded by United States Department of Housing & Urban Development's (HUD) 2013 Community Development Block Grant – Disaster Recovery (CDBG-DR) funds under the NY Rising and NYC Build It Back Acquisition for Redevelopment Program in the following counties: Bronx County, NY; Kings County, NY; New York County, NY; and Queens County, NY. The activities associated with the NY Rising and NYC Build It Back Acquisition for Redevelopment Program in the New York City (Bronx, Kings, New York, and Queens) counties described herein will provide financial assistance to homeowners whose residences were substantially damaged by Superstorm Sandy. The NY Rising and NYC Build It Back Acquisition for Redevelopment Program activities to be funded by CDBG-DR in New York City (Bronx, Kings, New York, and Queens) counties have been designed to provide home acquisition assistance to owners of 1-2 unit family homes.

Within New York City, the City of New York will refer eligible applicants from the City's Build It Back (BIB) program to the State's acquisition program. Eligible applicants from the BIB will have established substantial damage. Once NYC makes the eligibility determination, the applicant will be referred to the State. HTFC has determined that the ERR for the project identified herein complies with the requirements of HUD environmental review regulations at 24 CFR Part 58, et al.

HTFC has also determined that the project described herein, as proposed, will have no significant adverse environmental or socioeconomic impacts, either direct, indirect, or cumulative. There will be no significant impact on the human environment, and the action will not negatively impact the quality of the environment. Therefore, HTFC has determined that the project, as proposed, is not an action that will result in a significant impact on the quality of the human environment. REQUEST FOR RELEASE OF FUNDS

Written notice of environmental clearance will be required prior to the removal of any limitation on commitment of federal funds in accordance with regulations at 24 CFR Part 58.70.

On October 10, 2014, the HCR Certifying Officer will submit this request and certification to HUD for the release of CDBG-DR funds as authorized by related laws and policies for the purpose of implementing this part of the New York State CDBG-DR program.

HCR and OMB certify to HUD that Thomas King and Dean Fuleihan, acting in capacity as Certifying Officers, respectively, consent to accept the jurisdiction of the U.S. federal courts if an action is brought to enforce responsibilities in relation to the environmental reviews, decision-making, and action, and that these responsibilities have been satisfied. Moreover, HCR and OMB certify that Tier 1 environmental reviews for the projects described herein have been completed and that additional Tier 2 site-specific review will occur once the specific sites are identified. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows HTFC/HCR and OMB to use CDBG-DR funds.

Objections to Release of Funds - HUD will consider objections to the RROF and/or FONSI certification for a period of fifteen (15) days following the submission date or its actual receipt of the request (whichever is later). Potential objectors may contact HUD to verify the actual last day of the objection period.

The only permissible grounds for objections claiming a responsible entity's non-compliance with 24 CFR Part 58 are:

- Certification was not executed by the responsible entity's Certifying Officer;
- The responsible entity has omitted or failed to make a step, decision, or finding required by HUD regulations at 24 CFR Part 58;
- The responsible entity has committed funds or incurred costs not authorized by 24 CFR Part 58 before release of funds and approval of environmental certification; or
- Another federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality.

Objections must be prepared and submitted in writing in accordance with the required procedures and format (24 CFR Part 58) and shall be addressed to:

Name of Responsible Entities and Recipients: (1) New York State Homes and Community Renewal (HCR) 38-40 State Street, Albany, NY 12207, in cooperation with New York State Housing Trust Fund Corporation (HTFC), of the same address; contact: Thomas King, Certifying Officer, Governor's Office of Storm Recovery, 99 Washington Avenue, Suite 1010, Albany, NY 12231; and (2) City of New York Office of Management and Budget (OMB), 255 Greenwich Street, New York, NY 10007, contact: Dean Fuleihan, Certifying Officer of same address.

The proposed action is being conducted jointly by NYS and New York City (NYC) under a Memorandum of Agreement between the two responsible entities for the environmental review. This combined notice satisfies two separate procedural requirements for project activities to be undertaken.

Per 24 CFR Part 58.33, the combined Notice of Finding of No Significant Impact and Notice of Intent to Request Release of Funds (FONSI/NOIRROF) will be published simultaneously with the submission of the Request for Release of Funds (RROF). The funds are needed on an emergency basis due to a declared disaster resulting from the impacts of Superstorm Sandy, which made landfall on October 29, 2012. As a result, the comment periods for the FONSI/NOIRROF and the RROF have been combined.

Project Description: HTFC and the City of New York intend to undertake the following project, funded by United States Department of Housing & Urban Development's (HUD) 2013 Community Development Block Grant – Disaster Recovery (CDBG-DR) funds under the NY Rising and NYC Build It Back Acquisition for Redevelopment Program in the following counties: Bronx County, NY; Kings County, NY; New York County, NY; and Queens County, NY.

The activities associated with the NY Rising and NYC Build It Back Acquisition for Redevelopment Program in the New York City (Bronx, Kings, New York, and Queens) counties described herein will provide financial assistance to homeowners whose residences were substantially damaged by Superstorm Sandy. The NY Rising and NYC Build It Back Acquisition for Redevelopment Program activities to be funded by CDBG-DR in New York City (Bronx, Kings, New York, and Queens) counties have been designed to provide home acquisition assistance to owners of 1-2 unit family homes.

Within New York City, the City of New York will refer eligible applicants from the City's Build it Back (BIB) program to the State's acquisition program. Eligible applicants from the BIB will have established substantial damage. Once NYC makes the eligibility determination, the applicant will be referred to the State. The State will purchase the property and secure the site in such a manner that the site will not adversely impact adjacent properties or owners. The State will then transfer the property to the City's designated nonprofit agent for demolition, and finally disposition in preparation for future flood resistant development. The State's role will include environmental review, title work, and purchase. All other action will be taken by the City prior to the referral and following the transfer. Specific details of reuse of the acquired properties are unknown at this time, however use will be in accordance with local zoning and land use plans.

This is the first tier of review in a 2-tiered process. The specific addresses of homes are not known at this time because the participating property owner identification process is ongoing. Therefore, under 24 CFR Part 58.15 (Tiering) and 24 CFR Part 58.32 (Project Aggregation), HTFC will use a tiered approach and once specific sites are determined, each site will be reviewed in compliance with the instructions established in the Tier 1 Reviews for each county. No physical work will begin on properties until all levels of environmental review are complete and found to be in compliance. The Tier 1 reviews addressed specific environmental factors for which compliance has been documented, regardless of specific site locations. It prevents repeating the same compliance factors on a Tier 2 site-specific basis, once all participating homeowners are known.

FINDING OF NO SIGNIFICANT IMPACT

A Tier 1 Environmental Review Record (ERR) was established for each county and is maintained on file. The ERR is incorporated by reference into this FONSI. A full copy of the ERR, including a completed National Environmental Policy Act of 1969 (NEPA) Environmental Assessment Checklist, an Environmental Assessment Work Sheet, and area map, is available for public inspection during normal business hours in accordance with 24 CFR Part 58 at the offices listed below or at <http://www.nyschr.org/Programs/NYS-CDBG-DR/EnvironmentalReview.htm>.

HTFC has determined that the ERR for the project identified herein complies with the requirements of HUD environmental review regulations at 24 CFR Part 58, et al.

HTFC has also determined that the project described herein, as proposed, will have no significant adverse environmental or socioeconomic impacts, either direct, indirect, or cumulative. There will be no significant impact on the human environment, and the action will not negatively impact the quality of the environment. Therefore, HTFC has determined that the project, as proposed, is not an action that will result in a significant impact on the quality of the human environment. Moreover, the project does not require an Environmental Impact Statement under NEPA.

Public Review: Public viewing of the ERR is available on the internet and is also available in person Monday – Friday, 9:00 AM – 5:00 PM at the following addresses:

REQUEST FOR RELEASE OF FUNDS

Written notice of environmental clearance will be required prior to the removal of any limitation on commitment of federal funds in accordance with regulations at 24 CFR Part 58.70.

On October 10, 2014, the HCR Certifying Officer will submit this request and certification to HUD for the release of CDBG-DR funds as authorized by related laws and policies for the purpose of implementing this part of the New York State CDBG-DR program.

HCR and OMB certify to HUD that Thomas King and Dean Fuleihan, acting in capacity as Certifying Officers, respectively, consent to accept the jurisdiction of the U.S. federal courts if an action is brought to enforce responsibilities in relation to the environmental reviews, decision-making, and action, and that these responsibilities have been satisfied. Moreover, HCR and OMB certify that Tier 1 environmental reviews for the projects described herein have been completed and that additional Tier 2 site-specific review will occur once the specific sites are identified. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities, and allows HTFC/HCR and OMB to use CDBG-DR funds.

Objections to Release of Funds - HUD will consider objections to the RROF and/or FONSI certification for a period of fifteen (15) days following the submission date or its actual receipt of the request (whichever is later). Potential objectors may contact HUD to verify the actual last day of the objection period.

The only permissible grounds for objections claiming a responsible entity's non-compliance with 24 CFR Part 58 are:

- Certification was not executed by the responsible entity's Certifying Officer;
- The responsible entity has omitted or failed to make a step, decision, or finding required by HUD regulations at 24 CFR Part 58;
- The responsible entity has committed funds or incurred costs not authorized by 24 CFR Part 58 before release of funds and approval of environmental certification; or
- Another federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality.

Objections must be prepared and submitted in writing in accordance with the required procedures and format (24 CFR Part 58) and shall be addressed to:

Названия ответственных агентств и получателей: (1) New York State Homes and Community Renewal (HCR) 38-40 State Street, Albany, NY 12207, в сотрудничестве с New York State Housing Trust Fund Corporation (HTFC), по тому же адресу; контакт: Thomas King, Certifying Officer, Governor's Office of Storm Recovery, 99 Washington Avenue, Suite 1010, Albany, NY 12231; и (2) City of New York Office of Management and Budget (OMB), 255 Greenwich Street, New York, NY 10007, контакт: Dean Fuleihan, Certifying Officer, по тому же адресу.

Предложенные действия были разработаны совместно NYS и Нью-Йорк-Сити (NYC) в соответствии с Меморандумом о соглашении между двумя агентствами, ответственными за экологическое исследование. Это совместное извещение удовлетворяет двум отдельным процедурным требованиям к проектной деятельности, которую предстоит предпринять.

В соответствии с 24 CFR Part 58.33 совместное Finding of No Significant Impact и Notice of Intent to Request Release of Funds (FONSI/NOIRROF) должно быть обнародовано одновременно с Request for Release of Funds (RROF). Фонды требуются на срочной основе в связи с объявленным стихийным бедствием, ставшим следствием урагана "Сэнди", обрушившегося 29 октября 2012 года. В результате период комментирования FONSI/NOIRROF и RROF объединен.

Описание проекта: HTFC и Город Нью-Йорк намерены реализовать следующий проект, финансируемый из фондов 2013 Community Development Block Grant – Disaster Recovery (CDBG-DR) министерством жилья и городского развития Соединенных Штатов (HUD) на NY Rising and NYC Build It Back Acquisition for Redevelopment Program в следующих графствах: графство Бронкс, NY; графство Кингс, NY; графство Нью-Йорк, NY и графство Квинс, NY.

В Нью-Йорк-Сити Город Нью-Йорк будет перенаправлять заявителей из городской программы Build It Back (BIB) в штатную программу выкупа. Соответствующие требованиям заявители BIB понесли существенный ущерб. Когда NYC подтвердит, что заявители соответствуют требованиям, его перенаправят к штату. Штат приобретет недвижимость и обеспечит безопасность объекта так, чтобы он не оказывал негативное воздействие на соседние объекты или владельцев. Штат затем передаст недвижимость определенному Городом некоммерческому агенту для сноса и окончательной подготовки для разработки противопожарных мер. Роль штата будет заключаться в проведении экологической экспертизы, title work и покупке. Все остальные действия будут осуществлены Городом перед передачей данных и последующим трансфером. Конкретные подробности повторного использования приобретенных объектов в настоящее время неизвестны, однако оно будет осуществляться в соответствии с местными планами зонирования и землепользования.

Это первая фаза экспертизы в двухэтапном процессе. Конкретные адреса домов в настоящее время неизвестны, поскольку продолжается процесс идентификации участвующих владельцев недвижимости. Поэтому, в соответствии с 24 CFR Part 58.15 (Tiering) и 24 CFR Part 58.32 (Project Aggregation), HTFC и OMB используют поэтапный подход, и когда конкретные участки будут определены, каждый изучат в соответствии с инструкциями, предусмотренными для Tier 1 Review в каждом графстве. Физически работы на участках не начнутся до проведения всех уровней экологического изучения и вынесения решения об их соответствии. Tier 1 Review призвано изучить отдельные экологические факторы соответствия, независимо от расположения участка. Таким образом эти факторы уже повторно не учитываются на Tier 2, когда идет изучение каждого участка, чьи владельцы уже известны.

FINDING OF NO SIGNIFICANT IMPACT

Tier 1 Environmental Review Record (ERR) был составлен для каждого графства и объединен в файл. ERR включен в ссылку, указанную в данном FONSI. Полная копия ERR, включая полный National Environmental Policy Act of 1969 (NEPA) Environmental Assessment Checklist и карту местности, доступна для общественного изучения в течение рабочего времени в соответствии с 24 CFR Part 58 в офисах, указанных ниже, или по ссылке <http://www.nyshcr.org/Programs/NYS-CDBG-DR/EnvironmentalReview.htm>.

HTFC определила, что ERR для указанного здесь проекта соответствует требованиям HUD о проведении экологического исследования в соответствии с 24 CFR Part 58 и др. HTFC также определила, что указанный проект, как предложено, не окажет значительного негативного экологического или социальноэкономического воздействия – прямого, непрямого или совокупного. Не будет значительного негативного воздействия на зоны проживания людей, а действие не повлияет негативно на качество окружающей среды. Поэтому HTFC определила, что предложенный проект не является действием, результатом которого станет значительное воздействие на качество зоны обитания. Более того, проект, в соответствии с NEPA, не требует составления Environmental Impact Statement.

ЗАПРОС НА ПРЕДОСТАВЛЕНИЕ СРЕДСТВ

Письменное уведомление об экологических выводах должно быть затребовано до устранения любых ограничений по выдаче федеральных средств в соответствии с правилами 24 CFR Part 58.70. 10 октября 2014 года сертифицирующий сотрудник HCR представит HUD требование и сертификат для предоставления фондов CDBG-DR, как предусмотрено соответствующими законами и предписаниями, с целью реализации этой части программ CDBG-DR штата Нью-Йорк.

HCR и OMB подтверждают HUD, что Томас Кинг и Дин Фалейхан, действуя в качестве сертифицирующих сотрудников, соответственно, дают согласие на признание юрисдикции федеральных судов США, если действие предпринято для реализации обязательств в отношении экологических исследований, принятия решений и действий, и эти обязательства будут удовлетворены. Кроме того, HCR и OMB подтверждают, что экологическое исследование Tier 1 для описанного здесь проекта закончено и что дополнительное исследование Tier 2 будет проведено, когда определят конкретные участки. Одобрение сертификации со стороны HUD предусмотрено его полномочиями согласно NEPA и соответствующими законами и ведомствами и позволяет HTFC/HCR и OMB использовать фонды CDBG-DR.

Возражения выделению фондов – HUD обязан рассмотреть возражения против сертификации RROF и/или FONSI в течение пятнадцати (15) дней после даты предоставления или реального вручения запроса (в зависимости от того, что произошло позже). Желающие должны связаться с HUD для подтверждения последнего срока подачи возражений.

Единственными причинами для возражений является невыполнение ответственным агентством требований 24 CFR Part 58:

- Сертификат не выдан сертифицирующим сотрудником ответственного агентства;
- Ответственное агентство не учло или ошиблось в осуществлении шага, принятии решения или при финансировании, определенных HUD в 24 CFR Part 58;
- Ответственное агентство указало средства или включило расходы, не предусмотренные 24 CFR Part 58, перед предоставлением средств и одобрением экологического сертификата; или
- Другое федеральное агентство, действуя в соответствии с 40 CFR Part 1504, предоставило письменные выводы о том, что проект неудовлетворителен с точки зрения экологического качества.

Возражения должны быть подготовлены и представлены в письменном виде в соответствии с обязательными процедурами и форматом (24 CFR Part 58), а также направлены по адресу:

未來全能王

中國體操男隊在世錦賽獲得史無前例的六連冠，23歲的鄧書弟成為奪冠的重要功臣，他是唯一參加團體賽中所有6個項目的選手；也是中國體操近年來出現的全能新星，六個項目沒有甚麼短板，有望成為未來的全能王。

出生於1991年的鄧書弟，是地道的貴陽人。說到走上職業體操這條路，他說自己小時候很調皮：「爸爸、媽媽、姑媽都想我能把多餘的精力使對地方，在我5歲半時把我送去省體操幼班學習。」當時，貴州省體操幼班就在火車站附近體育場旁。由於訓練表現出色，老師後來把鄧書弟推薦去了貴州省體操隊，在清鎮訓練基地的體操館內訓練。

接觸體操後，鄧書弟便喜歡上了，在他6歲時，逐漸顯現的體操天賦也得到了業內人士的賞識。從那時起，成為世界冠軍就是他的夢想。

進國家隊 一路多坎坷

拿到體操世錦賽男團金牌，鄧書弟表示，獲得榮譽除了隊友間的合作，家人的支持也必不可少。「有段時間家裏經濟困難，但爸爸知道我想繼續練體操，就說『再苦也堅持』。」他說，媽媽知道訓練辛苦，總是做好吃的菜犒勞他。

談起兒子，鄧書弟的父親鄧正林很自豪，不過也表示練體操很艱辛。「以前送小書弟去練體操，從來不敢看他訓練。」鄧正林說，想到孩子咬牙忍受彎折身體帶來的痛楚，他生怕看一眼，就後悔送去練體操的決定。

「我17歲以前去過3次國家隊，但參加集訓的試訓後就被退回了，直到2011年底才成為國家隊的正式隊員。」現在已是國家隊主力隊員的鄧書弟，回憶起國家隊經歷卻並不一帆風順。

鄧書弟坦言，那段時間他也消沉過，可他的國家隊教練袁洪星一直鼓勵他「選擇了就要做出成績來」。被退回的經歷雖然並不愉快，卻讓鄧書弟成熟了起來，他更加明確了自己是因為喜歡體操才去努力做好。

隨著更努力的訓練，鄧書弟的付出也得到回報，尤其是在今年的全國體操錦標賽中，他

奪得男子團體、個人全能、雙槓和單槓4塊金牌，成為賽場上的焦點。

國家體操隊有一面世界冠軍牆，上面貼著中國體操界世界冠軍得主的照片。鄧書弟進入國家隊後，就暗暗發誓要將自己的照片貼上去。鄧書弟的國家隊教練袁洪星說，當初鄧書弟從省隊進入國家隊時，就要求他衝著中國體操隊第一去訓練，而他確實做到了。「在本次世錦賽中，很多人只比一項，但小鄧要比六項，他是中國隊中唯一承擔所有比賽項目的人，這說明了他的作用和對他的信任。」

終極目標：里約奧運會

鄧書弟甚至被寄予中國體操未來的「領軍人物」。在今年上半年的全國錦標賽上，與鄧書弟一起加入國家隊的一批全能小將格外耀眼，自然不少記者問到了「領軍人物」的問題，對此，沉穩的鄧書弟沒有回答，只是簡單地表示：「爭取做好自己就可以了，現在就說領軍人物，還有點勉強。」

中國男隊歷來是世界體操的一支勁旅。從李寧到李小雙到李小鵬、楊威，再到陳一冰、鄧凱等。中國男隊從不缺少具有王者氣質的領軍人物，他們不僅佔據著亞洲男子體操的霸主地位，更鑄造了一段段中國體操傳奇。

實現六連冠的

中國隊其實是一個全新的陣容，除了老將張成龍參加過倫敦奧運會，其他五名隊員都是第一次參加世錦賽團體比賽。林超攀、尤浩、劉洋僅僅只有去年單項世錦賽的體驗，鄧書弟、程然甚至沒有參加過世界大賽。與前輩相比，很多人對他們的名字和面孔還很陌生。

「我們的目標是2016里約奧運會。」鄧書弟一直重複著這句話。毫無疑問，他的目標已經鎖定了更大的舞台上。

鞍馬

糯米飯酸粉 他的最愛

在沒訓練時，鄧書弟和很多男生一樣，喜歡玩網絡遊戲「英雄聯盟」。對踢足球、打檯球等娛樂項目，他也很有興趣。「平時花在訓練上的時間很多，娛樂的機會較少。」鄧書弟說，畢竟作為運動員，刻苦訓練更重要。

自從入選國家隊後，鄧書弟就很少回到貴陽。不過每次回來，他都會將貴陽的特色小吃品嚐一遍。「像糯米飯和酸粉，每次都覺得吃不夠。」

而一旦有朋友來貴陽，他會帶著他們去逛貴州的著名景點，「特別是黃果樹瀑布，已經去了很多遍了」。

建議工程計劃由紐約州與紐約市政府，根據從事環境評估的兩個負責機構之間的同意備忘錄，加以合作進行。

這項合併通告可滿足進行工程活動的兩項分別程序規定。

根據法例 24 CFR Part 58.33 項，「無重大影響」與「有意要求發放補助」(PROF) 的合併通告，將與呈交的「要求發放補助」(PROF) 同步刊登。因為 2012 年 10 月 29 日登陸的超級颶風「桑迪」造成公認災禍，需要獲得這些補助作為緊急賑災使用。結果是 FONSI/ NOIRROF 與 PROF 的公眾評議被合併進行。

工程計劃描述：HTFC 與紐約市政府有意進行以下的工程，是由聯邦房屋城市發展部 (HUD) 2013 年「社區發展撥款—災難復原計劃」(CDBG-DR)，根據「紐約州上升」與「紐約市重建」，在紐約州布朗士縣，紐約縣，皇帝縣與皇后縣收購物業重新發展的方案，而撥出資助的。

這裏描述，與「紐約州上升」與「紐約市重建」有關，在紐約市縣份 (布朗士縣，皇帝縣，紐約縣與皇后縣) 收購物業重新發展的工程方案，是對住所受到超級颶風「桑迪」嚴重破壞的住屋業主提供財務援助。「紐約州上升」與「紐約市重建」收購物業重新發展計劃，設計是由紐約市縣份 (布朗士縣，皇帝縣，紐約縣與皇后縣) 的「社區發展撥款—災難復原計劃」對 1-2 單位家庭住宅，提供收購援助。

在紐約市區內，紐約市政府將會把符合「紐約市重建」資格的申請者，轉入紐約州的收購計劃。符合「紐約市重建」資格的申請者須證明受過嚴重災損。在紐約市政府認定資格後，申請者會被轉到州政府，州政府便會收購物業，穩定地盤，確定不會對隔鄰物業或業主造成不良影響。州政府再會把物業轉回市政府指定的不牟利機構進行拆除，最後加以處理，準備未來抗洪的發展工程。州政府的角色包括環境評估，業權處理與收購。轉交前與轉回後的所有其他工作由市政府負責。對這些收購物業重新利用的具體細節在現時仍未可知，但無論用途為何，都必須遵行當地區域法例與土地利用法例。

這是一個兩階段過程的第一階段。住屋的具體地址現在還不知道，因為參加的物業業主認證程序仍在進行中。因此，根據法例 24 CFR Part 58.15 項 (分階段) 與 24 CFR Part 58.32 項 (工程綜合)，HTFC 將使用一個分階段方法，一旦在具體地點確定後，每個地點將會進行檢查，是否遵守每個縣份設立有關第一階段檢查的指示。在完成對所有層面的環境評估，確定有遵守指示之前，這些物業不會進行任何工程。第一階段的檢查將針對具體環境因素，確定遵守與經過文件紀錄，不論是哪個地點。這樣就可以避免在第二階段，當所有參加的物業業主都已獲得確定後，重複檢查這些遵守情況。

無發現重大影響

每個縣份都會設立一項第一階段環境評估紀錄 (ERR)。ERR 會被列入本份 FONSI 內。全份 ERR 版本，包括一份填好的「1969 年全國環境政策法例」(NEPA) 環境評估項目清單，一份環境評估工作表與區域地圖可供公眾參閱，按照法例 24 CFR Part 58 項規定，公眾可在正常辦公時間到下列辦事處參閱，或上網 <http://www.nyschcr.org/Programs/NYS-CDBG-DR/EnvironmentalReview.htm>。

HTFC 也決定，下面描述的工程計劃，是有遵守 HUD 的環境評估規例，即法例 24 CFR Part 58 項的規定。HTFC 也已決定，下面描述的工程計劃，不會造成直接，間接或累積的重大不良環境或社會經濟影響。對人類環境也沒有重大影響，工程也不會對環境品質帶來不良影響。因此，HTFC 確定這項如此建議的工程，不會是一項對人類環境品質造成重大影響的計劃。此外，這項工程計劃不需要根據 NEPA 法案規定的環境影響報告。

如果因為公眾評議，計劃有所修改，修改將會在進行前作出，附加經費開支

要求發放補助

在根據法例 24 CFR Part 58.70 項的規定，撤消對發放聯邦補助的限制之前，必須提交環境評估已獲處理的通知。

在 2014 年 10 月 10 日，認證官將會把本份要求與認證文件交給 HUD，要求發放有關法例與政策已授權的 CDBG-DR 撥款，以實行紐約州 CDBG-DR 計劃的這個部分。

HCR 與 OMB 向 HUD 認證，Thomas King 與 Dean Fuleihan 同意接受聯邦法庭的司法權，如果有工程需要進行，目的是為執行環境評估，決定與行動有關責任，這些責任都已滿足。此外，HCR 與 OMB 認證，為上述工程進行的第一階段環境評估已經完成，為上述工程進行的第二階段環境評估在確定具體地美後展開。HUD 對這項認證就可以滿足它根據 NEPA 與有關法例的責任，並准許 HTFC/HCR 與 OMB 去使用 CDBG-DR 撥款。

反對發放補助—HUD 會考慮對 RROF 與/或對 FONSI 認證的反對，考慮為期 15 天，在呈交日期後或實際接獲要求之後起算 (兩者取較遲的日期)。有意反對人士可聯絡 HUD 確定反對期最後一天的實際日期。

認為一個負責機構不遵守法例 24 CFR Part 58 項，提出反對，只接受以下反對理由：

- (a) 認證未獲負責機構的認證官簽署；
- (b) 負責機構未有執行 HUD 法例 24 CFR Part 58 項規定的步驟，決定或發現；
- (c) 負責機構在發放補助與批准環境確認前先行挪用或導致一些法例 24 CFR Part 58 項未有批准的開支；或
- (d) 另一個聯邦部門根據法例 40 CFR Part 1504 項提交書面報告，發現工程計劃在環境品質方面未達標者。

反對必須書面形式，按規定程序與格式 (法例 24 CFR Part 58 項) 送交：

Tennille Smith Parker
Acting Director/Assistant Director, Disaster Recovery and Special Issues Division
Office of Block Grant Assistance
U.S. Department of Housing & Urban Development
