THIS COMMUNITY DEVELOPMENT BLOCK GRANT DISASTER RECOVERY MEMORANDUM OF UNDERSTANDING (“MOU”) is made effective as of the 12th day of April, 2013 (“Effective Date”) by and between the Housing Trust Fund Corporation (“Grantee” or “HTFC”) and the New York State Department of Transportation (the “Agency”), a New York State Agency. The foregoing Grantee and Agency shall sometimes be referred to herein individually as a “Party” and collectively as the “Parties.”

WHEREAS, pursuant to title I of the Housing and Community Development Act of 1974 (42 U.S.C. § 5301 et seq.) (“HCD Act”), as amended, Grantee is authorized to administer and distribute Community Development Block Grant (“CDBG”) funds in the State of New York (“State”); and

WHEREAS, pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), portions of the State received major disaster declarations as a result of Hurricane Sandy; and

WHEREAS, in the aftermath of Hurricane Sandy, the United States Congress passed the Disaster Relief Appropriations Act, 2013 (Public Law 113-2, approved January 29, 2013), as amended (the “Act”), appropriating \$16 billion, later reduced to \$15.18 billion, to the U.S. Department of Housing and Urban Development (“HUD”) for Community Development Block Grant Disaster Recovery (“CDBG-DR”) funds for necessary expenses related to disaster relief, long-term recovery, restoration of infrastructure, and housing and economic revitalization in the most impacted and distressed areas resulting from a major disaster declared due to Hurricane Sandy and other eligible events in calendar years 2011, 2012, and 2013 (the “Storms”), subject to the Federal statutes and regulations governing CDBG grants, as modified by exceptions and waivers previously granted and which may hereafter be granted by HUD; and,

WHEREAS, pursuant to the CDBG-DR Grant Program and Federal Register Notice (78 Fed. Reg. 14,329), published March 5, 2013, entitled *Allocations, Common Applications, and Alternative Requirements for Grantees Receiving Community Development Block Grant (CDBG) Disaster Recovery Funds in Response to Hurricane Sandy* (as amended), the State has received an allocation of CDBG-DR funds from HUD in the amount of \$1,713,960,000; and

WHEREAS, pursuant to the CDBG-DR Grant Program and Federal Register Notice (79 Fed. Reg. 62,182), entitled *Third Allocation, Waivers and Alternative Requirements for Grantees Receiving Community Development Block Grant (CDBG) Disaster Recovery Funds in Response to Hurricane Sandy* (as amended), the State has received a third allocation of CDBG-DR funds from HUD in the amount of \$605,922,000; and

WHEREAS, HUD requires that the State spend 80% of all CDBG-DR funds so allocated within the counties of Nassau, Rockland, Suffolk, Westchester, Bronx, Kings, New York, Queens, and Richmond; and

WHEREAS, Governor Andrew M. Cuomo established the Governor's Office of Storm Recovery ("GOSR") within HTFC and tasked it with administering the State's CDBG-DR program; and

WHEREAS, Grantee wishes to engage the Agency to perform or cause to be performed property valuation services to assess the pre-storm value of properties participating in the NY Rising Buyout Program;

NOW THEREFORE, the Parties agree that the Grant Funds will be administered in accordance with the following terms and conditions:

I. AGENCY PROGRAM

The Agency will be responsible for performing the activities detailed in Exhibit A, which may be amended from time to time, and is hereby incorporated by reference ("Program Description"). As a reimbursement-based program, tasks and deliverables contained in the Program Description must be conducted in a manner satisfactory to Grantee and in compliance with applicable federal and state requirements, laws, and regulations. Grantee will monitor the performance of the Agency against goals and performance standards as stated in the Program Description. The Agency must perform (and document to Grantee) the entire Program Description, even if the funds provided hereunder do not cover 100% of the costs of performance. Substandard performance as reasonably determined by Grantee, in its sole discretion, will constitute noncompliance with this MOU. If the Agency does not take action to correct such substandard performance within a reasonable period of time (as determined by Grantee) after being notified by Grantee, Grantee may choose not to reimburse the Agency for noncompliant and/or unallowable work and/or take action to suspend or terminate this MOU or other actions as permitted under applicable law. Nothing in this MOU shall waive or otherwise limit the actions Grantee may take or the remedies Grantee may seek as a result of any noncompliance by the Agency.

II. TERM

The period of performance for all activities (with the exception of those activities required for the close out and final audit) assisted pursuant to this MOU shall commence as of the Effective Date of this MOU and shall end on April 11, 2016. Any funds not properly used by the end of the term, unless approved otherwise in writing by Grantee, promptly shall be remitted, in full and without off-set or deduction, to Grantee.

III. BUDGET

Grantee may require a detailed budget breakdown, and the Agency shall provide such supplementary budget information in a timely fashion in the form and content prescribed by Grantee. Any change to the amount of Grant Funds must be approved in writing by Grantee before such changes are allowed and reimbursable.

IV. GRANT FUNDS

It is expressly agreed and understood that the total amount to be paid by Grantee under this MOU shall not exceed \$4,500,000.00 (four million five hundred thousand dollars) ("Grant Funds"). The amount of Grant Funds that Grantee has agreed to provide the Agency under this MOU is expressly conditioned upon Grantee's receipt of such funds from HUD pursuant to the Act. Grantee reserves the right to reduce the Grant Funds if funding from HUD is not provided at the currently anticipated levels and/or if the actual costs for the approved activities are less than those set forth in the Budget.

In the event the Agency is awarded, granted, or provided with additional funds from any other source, which may include, in part or whole, aspects related to this MOU, the Agency shall immediately notify Grantee of such funds, the amount, the source, and the conditions for their use. The Agency further agrees to provide any additional information Grantee requests related to such funds.

V. DISBURSEMENT OF GRANT FUNDS

- a) The Agency is required to submit a request for Grant Funds in accordance with the provisions of this MOU, program guidelines, and the program policy and procedures which are established by Grantee. No payment by Grantee of an improper, unauthorized, or unallowable request shall constitute a waiver of Grantee's right, whether before, during, or after making any payment, to: (i) challenge the validity of such payment; (ii) enforce all rights and remedies set forth in this MOU or provided under applicable law; (iii) require and receive a full repayment or refund of all payments made under this MOU or (iv) take corrective or remedial administrative action including, without limitation, suspension or termination of the Agency's funding under this MOU.

- b) The Agency shall certify in a sworn statement made by a senior official with each request for Grant Funds that to the best of its knowledge based on the information available to the Agency at the time and after making due inquiry: (i) all statements and representations previously made regarding this MOU are correct and complete; and (ii) the funds do not duplicate reimbursement of costs and services from any other source.
- c) The use of Grant Funds is conditioned upon the Agency incurring allowable costs permitted under the terms of this MOU or as otherwise pre-approved, in writing, by Grantee. The Agency shall not be reimbursed for any costs until all environmental conditions of 24 CFR Part 58 have been fully satisfied and Grantee has issued the environmental clearance required thereunder, unless the activity is exempt under section 58.34 or falls under a categorical exclusion listed in section 58.35(b).
- d) In the event cognizant State or Federal Government authorities disallow any of the costs incurred by the Agency, the Agency shall immediately remit any funds received by the Agency for the unallowable costs to Grantee. The Agency may request that Grantee challenge the State or Federal determination and pursue other legal recourse to secure these funds; however, Grantee maintains the sole discretion in deciding whether to pursue such funds, may request that the Agency pay any costs associated with such effort, and may require that the Agency return the questioned funds until a final outcome is reached.

VI. CITIZEN PARTICIPATION REQUIREMENTS

To ensure compliance with Section 508 of the HCD Act, units of general local government (“UGLGs”) applying for or receiving CDBG-DR funds from the State must provide citizens with adequate opportunity to participate in the planning, implementation, and assessment of the CDBG program. Any such UGLG must provide adequate information to citizens, obtain views and proposals of citizens, and provide opportunity to comment on the UGLG’s previous community development performance. Because the Agency is a State entity, the requirements of this section do not apply.

VII. NOTICES

All notices, requests, approvals, and consents of any kind made pursuant to this MOU shall be in writing and shall be deemed to be effective as of the date sent by certified mail, return receipt requested. The Agency further agrees to utilize Grant Funds available under this MOU to supplement rather than supplant funds otherwise available.

The potential liability of the Agency, as an agency of the State, must be determined in accordance with the provisions of the Court of Claims Act and Public Officers Law.

Notwithstanding the above, for construction or facility improvement performed by the Agency, the Agency shall, at a minimum, comply with the bonding requirements at 24 CFR 85.36 or 84.48, as applicable.

Such amendments shall not invalidate this MOU, nor relieve or release the Parties from their obligations under this MOU. Grantee may, in its sole discretion, amend this MOU to conform with Federal, state, or local governmental guidelines, policies, and available funding amounts, or for other reasons. If such amendments result in a change in the Grant Funds or the Program Description, such modifications will be incorporated in a written amendment signed by the Parties.

F. Suspension or Termination

In accordance with 24 CFR 85.43 or 84.62, as applicable, Grantee may suspend or terminate this MOU if the Agency materially fails to comply with any terms of this MOU, which include (but are not limited to) the following:

1. Failure to comply with any of the rules, regulations or provisions referred to herein, or such statutes, regulations, executive orders, guidelines, policies or directives as may become applicable at any time;
2. Failure, for any reason except those beyond the Agency's control, of the Agency to fulfill in a timely and proper manner its obligations under this MOU;

In accordance with 24 CFR 85.44 or 84.61, as applicable, this MOU may also be terminated for convenience by Grantee or the Agency, in whole or in part, by setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. However, if in the case of a partial termination Grantee determines that the remaining portion of the award will not accomplish the purpose for which the award was made, Grantee may terminate the award in its entirety.

This MOU is subject to the requirements of Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and 24 CFR 570.601 and 570.602. In regard to the sale, lease, or other transfer of land acquired, cleared or improved with assistance provided under this MOU, the Agency shall cause or require a covenant running with the land to be inserted in the deed or lease for such transfer, prohibiting discrimination as herein defined, in the sale, lease or rental, or in the use or occupancy of such land, or in any improvements erected or to be erected thereon, providing that Grantee and the United States are beneficiaries of, and entitled to enforce, such covenants. To the extent any such sale, lease or other transfer of land shall occur, the Agency, in undertaking its obligation to carry out the Program assisted hereunder, agrees to take such measures as are necessary to enforce such covenant, and will not itself so discriminate.

4. Section 504

The Agency agrees to comply with all Federal regulations issued pursuant to Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), which prohibits discrimination against individuals with disabilities or handicaps in any Federally assisted program. As used in this MOU, the terms "small business" means a business that meets the criteria set forth in section 3(a) of the Small Business Act, as amended (15 U.S.C. 632), and "minority and women's business enterprise" means a business at least fifty-one (51) percent owned and controlled by minority group members or women. For the purpose of this definition, "minority group members" are Afro-Americans, Spanish-speaking, Spanish surnamed, or Spanish-heritage Americans, Asian-Americans, and American Indians. The Agency may rely on written representations by businesses regarding their status as minority and female business enterprises in lieu of an independent investigation.

Notwithstanding the provision of such reports and supporting documentation, the Agency, and the Agency’s subrecipients, contractors and their subcontractors at all tiers, shall maintain copies of all reports and supporting documents as set forth in this MOU.

4. Access to Records

The Agency shall furnish and cause each of its own subrecipients, contractors, and subcontractors to furnish all information and reports required hereunder and will permit access to its books, records and accounts by Grantee, HUD or its agent, the Comptroller General of the United States, or other authorized Federal officials for purposes of investigation to ascertain compliance with the rules, regulations, and provisions stated herein.

The Agency agrees to comply with the Copeland Anti-Kick Back Act (18 U.S.C. 874 et seq.) and its implementing regulations of the U.S. Department of Labor at 29 CFR Part 5. The Agency shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to Grantee for review upon request. The Agency agrees that, except with respect to the rehabilitation or construction of residential property containing less than eight (8) units, all contractors engaged under contracts in excess of \$2,000.00 for construction, renovation, or repair work financed in whole or in part with assistance provided under this MOU, shall comply with Federal requirements adopted by Grantee pertaining to such contracts and with the applicable requirements of the regulations of the Department of Labor, under 29 CFR Parts 1, 3, 5 and 7 governing the payment of wages and ratio of apprentices and trainees to journey workers; provided that, if wage rates higher than those required under the regulations are imposed by state

Failure to fulfill these requirements shall subject Grantee, the Agency, and any of the Agency’s subrecipients, contractors, and subcontractors, as well as their successors and assigns, to those sanctions specified by the agreement through which Federal assistance is provided. The Agency certifies and agrees that no contractual or other disability exists that would prevent compliance with these requirements.

The Agency further agrees to comply with these “Section 3” requirements and to include the following language in all subsequent subrecipient agreements, contracts, and subcontracts executed under this MOU:

“The work to be performed under this Agreement is a project assisted under a program providing direct Federal financial assistance from HUD and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701). Section 3 requires that to the greatest extent feasible opportunities for training and employment be given to low- and very low-income residents of the project area, and that contracts for work in connection with the project be awarded to business concerns that provide economic opportunities for low- and very low-income persons residing in the metropolitan area in which the project is located.”

The Agency further agrees to ensure that opportunities for training and employment arising in connection with a housing rehabilitation (including reduction and abatement of lead-based paint hazards), housing construction, or other public construction project are given to low- and very low-income persons residing within the metropolitan area in which the CDBG-DR funded project is located; where feasible, priority should be given to low- and very low-income persons within the service area of the project or the neighborhood in which the project is located, and to low- and very low-income participants in other HUD programs; and award contracts for work undertaken in connection with a housing rehabilitation (including reduction and abatement of lead-based paint hazards), housing construction, or other public

The Agency certifies and agrees that no contractual or other legal incapacity exists that would prevent compliance with these requirements.

b. Notifications

The Agency agrees to send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or understanding, if any, a notice advising said labor organization or worker's representative of its commitments under this Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.

c. Contracts

The Agency will include this Section 3 clause in subsequent subrecipient agreements, contracts, and subcontracts, and will take appropriate action, pursuant to any such agreement, upon a finding that a subrecipient, contractor, or subcontractor is in violation of regulations issued by HUD. The Agency will not subgrant or contract with any entity where it has notice or knowledge that the entity has been found in violation of regulations under 24 CFR Part 135, and will not let any subrecipient agreement or contract unless the entity has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.

d. Reporting

Irrespective of any applicable Federal reporting requirements, the Agency shall submit quarterly reports along with any supporting documentation, in a form acceptable to Grantee, of its Section 3 compliance efforts to Grantee, which may require the Agency to consolidate all reports received from lower tiered subrecipients, contractors and subcontractors into a single report or several reports as reasonably requested by Grantee. No employee, officer, or agent shall participate in the selection, award, or administration of a contract supported by Federal funds if a real or apparent conflict of interest would be involved. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in the firm selected for an award. The officers, employees, and agents of the recipient shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, or parties to subagreements. However, recipients may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct shall provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the recipient.

c. No covered persons who exercise or have exercised any functions or responsibilities with respect to CDBG-DR assisted activities, or who are in a position to participate in a decision-making process or gain inside information with regard to such activities, may obtain a financial interest in any contract, or have a financial interest in any contract, subcontract, or agreement with respect to the CDBG-DR assisted activity, or with respect to the proceeds from the CDBG-DR assisted activity, either for themselves or those with whom they have business or immediate family ties, during their tenure or for a period of one (1) year thereafter. For purposes of this paragraph, a "covered person" includes any person who is an employee, agent, consultant, officer, or

c. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S.C. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

d. It has and will comply with Section 139-j and 139-k of the State Finance Law.

which valuations are to be documented within separate appraisal reports for each property.

The effective dates of appraisal will be immediately preceding “super storm” Sandy and as of the current date of inspection. The appraisals will be used by the State in a voluntary, federally funded buyout of homes in the community, and related purposes that specifically exclude eminent domain or other litigation-related uses. It is understood that no specific number of appraisals will be required, that all or most properties are single-family residences, that the current condition of the respective properties are undetermined, and that the appraisals may not be ordered en-masse.

The scope of appraisal services will include, but not necessarily be limited to, the following:

- Documented effort to contact property owner, with specific objective of arranging property inspection with owner, and timely collection and verification of salient property data. Efforts to contact will include direct mail, email, and telephone.
- Research into publicly available property records, including Building Department and Assessment records, as well as use of aerial and street imagery from public and governmental sources. All existing properties will be measured on site, to the greatest extent possible.
- Inspection of neighborhood and interview of local realtors.
- Request for and review of any available documentation and details on both pre-storm property conditions and the current property condition, specifically relating to legal status as it relates to zoning and building codes, costs to cure, and extent or stage of repair, if any.

Market value analyses (including calculations), summarized subject property and comparable data, and market value conclusions will be produced within a USPAP compliant, standardized form report. Each report will include a property sales history, market value definition, zoning and flood zone designation, highest and best use conclusion, land and as-improved values, sufficient photographs, and certificate of appraisal. As needed, larger vacant parcels, special-use properties, and commercial properties will be reported in a narrative format.

PHASE 6 – Real Property Appraisals for Acquisition Sandy-Impacted Properties, upstate, New York

The purpose of this appraisal assignment will be twofold: to estimate (1) the “pre-storm” market value and (2) the *current*, “as is” market value of up to 250± residential properties (yet to be identified beyond being located in upstate, New York), which valuations are to be documented within separate appraisal reports for each property.

Phase 6 - Supplemental Agreement # TBD
Real Property Appraisals for Acquisition
Sandy-Impacted Properties
Sidney, New York and Scatter Sites, Upstate, New York
Contractor TBD

GOSR has identified the need for additional property appraisals throughout Upstate New York, with property addresses that have yet to be determined. New York Rising has designated 25 to 50 homes for the buyout program in the upstate regions that will need evaluations prior to storm damage, either from Hurricane Irene, Tropical Storm Lee or Super Storm Sandy. This appraisal cost is estimated at \$125,000.

GOSR has also identified the need for additional appraisal work in the area of Sidney, New York, within Delaware County. This area was damaged in the wake of Hurricane Irene and Tropical Storm Lee. Several buildings were severely damaged and still remain in a flood hazard zone. FEMA recently classified over 200 properties in the flood plain as “Repetitive Loss”, meaning that the flood insurance may increase dramatically unless homes are elevated to meet with State and Federal elevation standards. It is anticipated that these 200± structures are looking to be part of the buyout program. The related storm damaged appraisals is estimated at \$400,000.
